CANYON, TEXAS, THURSDAY, DECEMBER 5, 1929.

NUMBER 37

Home Stuff

or otherwise

Oscar Gano thinks that was a dirty trick pulled on him by the members of the Chamber of Commerce in re-electing him secretary—without pay. No one denies it. Oscar has been one of the best secretaries the organization has ever had, and no wonder the members wanted to retain him.

There are a lot of good fellows in the College, mature students, who are working their way through college, and would make a good secretary for the Canyon Chamber of Commerce. Also the ex-students are seeking to employ a part time secretary to keep up with the ex-students of the College. Maybe a full time secretary could do both jobs. Canyon should be paying someone for the secretary's work rather than imposing upon the good nature of some business man. The directors this year will likely solve this problem.

Secretary O. W. Gano made a good report of the expenditure of the funds of the Chamber of Commerce last week. The best part is that instead of being in the red, like most public institutions, there was a good bank balance. The poorest part of the report, as Mr. Gano pointed out, is that of the 3500 people in Canyon, only 80 are paying anything to support the chamber of Commerce. There should be at least 200 contributors to the Chamber of Commerce work. The best thing would be to support the organization by taxation, but under the law the town is not large enough.

Too bad the Buffs drew so many penalties on Thanksgiving. That was the best game played on the home field this year, but the penalties were largely responsible for the defeat. This has been an off year for the Buffs on penalties.

But whip those Tech Bull Fighters tomorrow, and we'll forget all the other games.

Canyon is just about going to move down to Lubbock Friday to see the Buffs whip the Tech. And boy, how!

Sky Pilot Wes Kunze pulled a good one the other night in announcing the Thanksgiving service. It is the custom for the newest preacher in town to preach the Thanksgiving sermon, and Wes asked if that was because the longer a preacher stayed here the less he had to be thankful for.

And just for that we'll say that Rev. F. T. Charlton preached the sermon, and a good Presbyterian said it was the best sermon he had ever heard in Canyon!

People are doing their Christmas shopping a little earlier than usual at least some of them are. Now if all of the citizens who have packages to mail will do this early, it will be a fine co-operative spirit shown throughout the holiday period.

Pay your poll tax this year by all means. The re-districting of the state in 1931 will be based largely upon poll tax payments. Let Randall county have a 100% poll tax payment this year.

Collector John Fry is asking that all pay their poll tax this month. It takes more time to write a poll tax receipt than it does a property tax receipt.

Between Santa Claus and tax paying time, Mr. Average Citizen is glad he did not gamble on the stock market.

Canyon will entertain a large number of young people this week end. Canyon entertains more gatherings than any town of its size in the state. That is good for the town and for the College. Canyon people should go out of their way to entertain well the hundreds of young people who come here annually for conventions.

Decorate your home for Christmas. The business houses are entering into the spirit of Christmas tide, and all are decorating. Hundreds of homes in Canyon should be decorated during the coming two weeks. It will add very much to the attractiveness of the Christmas time.

Guess most all the turkey hash is gone by this time. At least we saw a few fellows investing in beef steaks this week.

The American Legion is starting a good thing in the Community Chest. It is reported that there are many families in Canyon who will not have a Christmas unless the good people of Canyon provide

80 COUNTIES IN STATE HAVE STUDENTS HERE

NINE OTHER STATES REPRESENTED IN STUDENT BODY.

Potter Leads in Students Outside Randall—Many Come Here From Considerable Distance.

Many of the "little towns of Texas" of poetic fame have seen fit to send their sons and daughters to West Texas State Teachers College for their College Study. Eighty of the two hundred fifty-four counties in the state of Texas have representatives in the student body here. A large number of these counties are several hundred miles from W. T. but youth has come to regard this as naught. A recent study of the counties of Texas represented in the student body here for the past four years, this year included, has revealed some interesting facts. The "Big Ten" or those ten counties which have sent the most students have been listed both for the present year and for the total four years over which the survey was made.

In the "Big Ten" for this year Randall county heads the list with 236 students. Potter comes second with 44 representatives. Next come Swisher with 30; Carson with 21; Wheeler and Garza with 18 each; Deaf Smith with 16; Collingsworth, Gray, and Hutchinson with 13 each. The fact that Hutchinson county had no representatives the first two years in which the study was made; had 9 last year and has 13 this year would lead one to gather that Borger and its rapid growth had something to do with this. Crosby, Fisher, Hall, Lamb, and Young counties run the "Big Ten" a close race for their places of majority.

Randall and Potter counties also head the list for the "Big Ten" for the four year calculation. Randall has had a total of 855 students in the four years; Potter has a total of 288. Swisher, third in the list above, is also third here with 136 students. Deaf Smith, which ranks seventh above, comes fourth here with 105 students. Carson county has a total of 61 students; Garza county a total of 58; Wheeler county has 56; Armstrong, coming tenth, has 53. Hall and Donley counties crowd the other counties as they almost made the "Big Ten."

Twenty-seven counties have only one representative each. These are Bell, Bowie, Clay, Coleman, Comanche, Dawson, Dickens, Dimmitt, El Paso, Fisher, Foard, Gaines, Hamilton, Hunt, Jackson, Knox, Martin, Matagorda, Midland, Yoakum, Sterling, Smith, Sherman, Shackelford, San Patricio, Reeves, and Parker. This is the first year in the four year study that Archer county has sent representatives, and she sent two this year. During the second two years of the four year study county sent one student each year. This year she makes the number sent 11.

Interest in the home county has in many instances been kept alive by the organization of county clubs in the college. Swisher, Scurry, Armstrong, Floyd, and Deaf Smith Counties have been organized in past years and some of these have re-organized this year. The Deaf Smith club was known as the White Face club and during its existence had the largest enrollment ever claimed by any county club here. This year an out of state county has organized a club—that of Roosevelt county, New Mexico.

Dean R. P. Jarrett Attends Meeting Colleges

Dr. R. P. Jarrett, dean of the College is in Lexington, Kentucky, this week attending the annual meeting of the Association of Colleges and Secondary Schools of the Southern States.

Dr. Jarrett, who is also head of the Education department, is the official representative of the College in Canyon, which is a member of the large accrediting organization.

ATTEND MOTHER'S FUNERAL. Mrs. L. J. McGehee and Mrs. C. L. Gordon-Cummings attended the funeral of their step-mother, Mrs. Mattie E. Thomas at Grapevine last week.

Mrs. Thomas was well known to many people in Canyon and has a number of relatives in the Wayside community who were grieved to hear of her death.

something for them. The Legion boys will lead the movement to give them a real Christmas. Help out on the movement.

If you haven't already done so, do your Christmas shopping early.

Busy Fathers Make The Best Leaders As Scoutmasters

The Canyon Rotary Club heard more about the Boy Scout movement Tuesday at the regular weekly luncheon. The Service Committee, Travis Shaw, chairman, was in charge of the program. A recent poll of the Rotary Club indicated that the members were more interested in sponsoring the Boy Scout movement than anything else in Canyon, and this will probably be on the program for the coming year.

Marvin J. Paul, scout executive of Amarillo, described the work of the organization. Scouting is strictly a local issue, and conducted by local men with local boys. The ablest men of the community are sought for scout leadership. The ablest are the busiest men in the community. It has been found that fathers make the best scout leaders, although Eagle Scouts are able assistant Scoutmasters.

To secure a troop, four things are necessary—some body of men must pledge; 1st, to provide a place to meet; 2nd, provide leadership; 3rd, secure a camp for one week in the summer; 4th, to see that the troop is conducted according to the regulations of the organization.

Mr. Paul pronounced as a calamity the fact that so few fathers took time to go hunting or fishing with their sons.

Porter Underwood of Amarillo pledged the co-operation of Amarillo to assist in every way possible with the scout work here. He believed it to be the duty of business men to train young men to take their places. There could be no greater service than to sponsor the organization and assist in the direction of a Boy Scout troop.

The first meeting of boys interested in Boy Scout work was held recently, and a survey is now being made to see how many boys will join a troop.

Flannigan Smith was in charge of the music Tuesday.

Guests at the luncheon Tuesday were Marvin J. Paul, Ed Enoch, C. Doug Hughes and Porter Underwood of Amarillo and W. E. Lockhart of Canyon.

Archie Satterwhite Guilty on Swindle Charge

Archie Satterwhite of Amarillo was found guilty in county court Tuesday on a swindling charge, and assessed a fine of \$50 together with 30 days in jail. Notice of appeal was made.

Satterwhite was charged with giving a hot check for \$5.00 to the Foxworth-Galbraith Lumber Co. on Nov. 9, 1928.

This is the first check case that has been tried in Randall county. A number of cases have been up, but in each instance the defendant pleaded guilty.

Farming Pays in Randall County.

Prizes Offered for Best Decorations

SPECIAL TRAIN WILL TAKE 500 TO TECH GAME

POST-SEASON GAME FOR THE BUFFS AT LUBBOCK FRIDAY.

Train Will Leave Friday Morning at 8:50 O'clock and Will Return After Game; Road Trip \$2.10.

A special train will leave Canyon Friday morning at 8:50 o'clock for Lubbock carrying about 500 students and citizens who will accompany the Buffalo football team for the post-season game with the Texas Tech Matadors.

The Buffs came through the Thanksgiving game in good shape, and Coach Reeds has been drilling his squad hard this week for the final wind-up of a successful season. The Buffs stand 500 in the T. I. A. A., but on the games played both in and out of the conference, have a very fine record. Nine men will play their last game in the Buffalo uniform, and are determined to make this game the best of their careers.

A special round trip price of \$2.10 will be the fare on the special train. Tickets to the game will be \$1.00 if purchased here, but the price in Lubbock is \$1.50. Those who make the trip are urged to buy tickets before the train leaves and save 50 cents on the admission price to the game.

The Tech has had a hard season, and lost many games. A terrific effort will be made by the coaches of the South Plains institution to whip the Buffaloes in order to offset the disaster of the numerous defeats this season.

It is likely that a majority of the students of the College will go on the train, according to a vote taken Tuesday in chapel, and added to this the number of citizens who make the trip, it will be the largest delegation ever to leave Canyon on a special train to take in a football game.

The special train will stop at Happy, Tulia and Plainview, and passengers to Lubbock to attend the game may go from these towns.

Home Robbed While Burrow Family Away

The home of Mr. and Mrs. C. R. Burrow was entered by way of the door leading into the house from the back porch while they were away on a recent trip to Galveston. The door was left open and was noticed by a neighbor. Four dresses belonging to their daughter, Mrs. Bob Neblett, have been found missing.

Earth's Rumbling is Cause of Speculation Wayside Community

Citizens of the Wayside community have been wondering for the past two or more weeks the cause of the rumblings which have been heard in that section. The sound resembles a blast, followed by thunder. Tremors of the earth were thought to be detected once or twice during the past week by citizens who have been studying the phenomena, if such it really proves to be.

When the noise was first detected it was thought to be blasting on the highway under construction. It was then discovered there has been no blasting in that section, and the noise continued. Indications were that the noise came from the southwest, toward Tulia. It was then reported by a Tulia man that he had heard it in the direction of Vigo Park. Col. J. W. McCrerey was in Wayside Monday and believed that it came from the north of Wayside.

Bill Stockett first brought the word to Canyon of the rumblings which were being heard in the Wayside community.

Col. McCrerey states that the Wayside people are trying to discover whether the noise comes from the Palo Duro Canyon.

Fred Wortham Joins News Force Friday

Fred Wortham is a new member of the News force, coming Friday from Hale Center where he has been connected with the American for the past year. He has held several newspaper positions before coming to the Plains.

Mr. Wortham will have charge of the local News for the paper.

RANDALL COUNTY MEN BUY REGISTERED JERSEYS

C. C. Stewart and son, Ray, and R. H. Hurst, who live northeast of Canyon, and County agent W. H. Upchurch were in Enid, Okla., last Friday and Saturday looking over the Jersey herd of Dr. Mayberry, a prominent Jersey breeder of that section.

While there Mr. Stewart purchased three head of registered Jersey cows, which he will add to his already nice herd of registered stock. This addition to his herd gives Mr. Stewart some 14 head of line bred Jerseys.

HAD OPERATION

Marshall Rockwell, Jr., was taken ill with appendicitis Thursday morning and was operated upon that night. He is doing nicely at a hospital in Amarillo.

CHAMBER OF COMMERCE OFFERS \$50.00 FOR THE BEST DECORATED STORE AND HOME FOR CHRISTMAS

Registration Must Be Made Before December 20th—Judging Will Be at Night Before Christmas—Work Started By Many Business Houses to Make Canyon Beautiful for Christmas Time.

Call Made for Auto and Poll Tax Payments During Month

Tax Collector John Fry is calling upon citizens to pay their poll taxes and automobile license fees during December even though they do not pay the property tax until January.

The law provides that automobile taxes are not due until January, but all over the state payments are being received during the month of December. Mr. Fry will have all of his supplies ready to receive automobile license fees during this month.

Owing to the fact the re-districting of the state in 1931 is largely based upon poll tax payments this year, every legal voter in the county is urged to pay their poll tax this year. All unders and overs are asked to secure an exemption in order to bring up the total for the county to the highest possible number.

State Aid Granted to Four Schools in Randall by Official

S. E. Clark, state inspector, was here Monday and visited the county schools together with County Judge B. F. Fronabarger. State aid amounts were cut this year in Randall county over that allowed last year when another inspector visited the schools. The following schools received aid:

Palo Duro, No. 25, \$427.
Stone, No. 20, \$97.
Sunny Hill, No. 9, \$172.
Pierce, No. 26, \$215.

In addition to these amounts schools will be allowed tuition for pupils who attend high school in another district if the district is unable to pay this tuition.

Practically every district in the county has a tax rate of \$1.00, and therefore, the chances of state aid has been cut off.

Mrs. Hugh Layne and Miss Loucille Collins visited in Hereford Tuesday.

Santa Claus is on His Way to Boys and Girls in Randall County

Fostering a move for a more expressed Christmas spirit in Canyon, the Chamber of Commerce is offering \$50.00 in cash prizes for the most beautiful Christmas decorations. A prize of \$25.00 will go to the business house which brings out the beauty of the Christmas spirit best with decorations. Likewise a prize of \$25.00 will go to the home which is most appropriately decorated for the Christmas season.

W. A. Warren, president of the Chamber of Commerce states that this is the first move ever made by the local organization toward a general decoration program for the city during the holiday season. Mr. Warren suggests, that as the merchants already pay a flat rate for the awning lights, that the regular lights be replaced with extension cords of colored lights.

The American Legion will sell Christmas trees and decorating materials. T. H. Knighton of the local post of the Legion, states that the trees will be here about the last of this week. The First National Bank building will be used as headquarters by the American Legion in the sale of these trees.

The Chamber of Commerce urges that the people of Canyon use the trees of the American Legion, as the funds go to a worthy cause.

Already a number of stores have entered the race for the \$25.00 prize and more will join the race within the next few days. Registration must be made before Dec. 20th, and Mr. Warren urges that those who plan to enter the competition for the cash award do so as soon as possible so that the decorations will be up for a longer period of time.

Those who enter the home division of the contest are asked to place as much of the decorations as possible on the outside of the house, in order that the decorations may be seen by as many people as possible.

Co-operating with the Chamber of Commerce in the program of decoration during the holiday season, the Texas Utilities Company are offering free, all the electricity necessary to be used in lighting the Court House lawn. The Texas Utilities Company will not enter the contest, but will co-operate in every way possible with lighting devices.

Those who enter the contests for the prizes should register at once at the People's Store, where a record will be kept. Judging will take place between Dec. 20 and 25. Notice will be given of the exact date.

The local organization is to be commended upon their movement to add attractiveness to Canyon during the Christmas season by the use of more decorations.

McCrerey Attends Meeting of Park Committee Tuesday

Col J. W. McCrerey attended a meeting of the Palo Duro Park committee in Amarillo Tuesday which was attended by many delegates from counties interested in the establishment of the state park.

Options have been taken from land owners, and it is estimated that the site for the park may be secured at a very reasonable price.

It is proposed that the state begin at the Harding ranch, northeast of Canyon, and extend along the Palo Duro about 60 miles into Briscoe county, west of Clarendon.

Representatives of the various counties expressed great satisfaction over the outlook for the state park. D. E. Colp, state chairman of the park commission, believes that he has a plan whereby it will be possible to put over the park project in the coming session of the legislature.

STORK SPECIALS

A daughter was born to Mr. and Mrs. N. O. Beckett, Dec. 2nd. Born to Mr. and Mrs. E. Roy Carver, a son. Mr. and Mrs. Carver are now living in Amarillo where Mr. Carver is a teacher in the Amarillo high school.

Help Keep Canyon Clean.

Home Stuff

or otherwise

Oscar Gano thinks that was a dirty trick pulled on him by the members of the Chamber of Commerce in re-electing him secretary—without pay. No one denies it. Oscar has been one of the best secretaries the organization has ever had, and no wonder the members wanted to retain him.

There are a lot of good fellows in the College, mature students, who are working their way through college, and would make a good secretary for the Canyon Chamber of Commerce. Also the ex-students are seeking to employ a part time secretary to keep up with the ex-students of the College. Maybe a full time secretary could do both jobs. Canyon should be paying someone for the secretary's work rather than imposing upon the good nature of some business man. The directors this year will likely solve this problem.

Secretary O. W. Gano made a good report of the expenditure of the funds of the Chamber of Commerce last week. The best part is that instead of being in the red, like most public institutions, there was a good bank balance. The poorest part of the report, as Mr. Gano pointed out, is that of the 3500 people in Canyon, only 80 are paying anything to support the chamber of Commerce. There should be at least 200 contributors to the Chamber of Commerce work. The best thing would be to support the organization by taxation, but under the law the town is not large enough.

Too bad the Buffs drew so many penalties on Thanksgiving. That was the best game played on the home field this year, but the penalties were largely responsible for the defeat. This has been an off year for the Buffs on penalties.

But whip those Tech Bull Fighters tomorrow, and we'll forget all the other games.

Canyon is just about going to move down to Lubbock Friday to see the Buffs whip the Tech. And boy, how!

80 COUNTIES IN STATE HAVE STUDENTS HERE

NINE OTHER STATES REPRESENTED IN STUDENT BODY.

Potter Leads in Students Outside Randall—Many Come Here From Considerable Distance.

Many of the "little towns of Texas" of poetic fame have seen fit to send their sons and daughters to West Texas State Teachers College for their College Study. Eighty of the two hundred fifty-four counties in the state of Texas have representatives in the student body here. A large number of these counties are several hundred miles from W. T. but youth has come to regard this as naught. A recent study of the counties of Texas represented in the student body here for the past four years, this year included, has revealed some interesting facts. The "Big Ten" or those ten counties which have sent the most students have been listed both for the present year and for the total four years over which the survey was made.

In the "Big Ten" for this year Randall county heads the list with 236 students. Potter comes second with 44 representatives. Next come Swisher with 30; Carson with 21; Wheeler and Garza with 18 each; Deaf Smith with 16; Collingsworth, Gray, and Hutchinson with 13 each. The fact that Hutchinson county had no representatives the first two years in which the study was made; had 9 last year and has 13 this year would lead one to gather that Borger and its rapid growth had something to do with this. Crosby, Fisher, Hall, Lamb, and Young counties run the "Big Ten" a close race for their places of majority.

Randall and Potter counties also head the list for the "Big Ten" for the four year calculation. Randall has had a total of 855 students in the four years; Potter has a total of 288. Swisher, third in the list above, is also third here with 136 students. Deaf Smith, which ranks seventh above, comes fourth here with 105 students. Carson county has a total of 61 students; Garza county a total of 58; Wheeler county has 56; Armstrong, coming tenth, has 53. Hall and Donley counties crowd the other counties as they almost made the "Big Ten."

Twenty-seven counties have only one representative each. These are Bell, Bowie, Clay, Coleman, Comanche, Dawson, Dickens, Dimmitt, El Paso, Fisher, Foard, Gaines, Hamilton, Hunt, Jackson, Knox, Martin, Matagorda, Midland, Yoakum, Sterling, Smith, Sherman, Shackelford, San Patricio, Reeves, and Parker. This is the first year in the four year study that Archer county has sent representatives, and she sent two this year. During the second two years of the four Young county sent one student each year. This year she makes the number sent 11.

Interest in the home county has in many instances been kept alive by the organization of county clubs in the college. Swisher, Scurry, Armstrong, Floyd, and Deaf Smith Counties have been organized in past years and some of these have re-organized this year. The Deaf Smith club was known as the White Face club and during its existence had the largest enrollment ever claimed by any county club here. This year an out of state county has organized a club—that of Roosevelt county, New Mexico.

Dean R. P. Jarrett Attends Meeting Colleges

Dr. R. P. Jarrett, dean of the College in Lexington, Kentucky, this week attending the annual meeting of the Association of Colleges and Secondary Schools of the Southern States.

Dr. Jarrett, who is also head of the Education department, is the official representative of the College in Canyon, which is a member of the large accrediting organization.

ATTEND MOTHER'S FUNERAL. Mrs. L. J. McGehee and Mrs. C. L. Gordon-Cummings attended the funeral of their step-mother, Mrs. Mattie E. Thomas at Grapevine last week.

Call Made for Auto and Poll Tax Payments During Month

Tax Collector John Fry is calling upon citizens to pay their poll taxes and automobile license fees during December even though they do not pay the property tax until January.

The law provides that automobile taxes are not due until January, but all over the state payments are being received during the month of December. Mr. Fry will have all of his supplies ready to receive automobile license fees during this month.

Owing to the fact the re-districting of the state in 1931 is largely based upon poll tax payments this year, every legal voter in the county is urged to pay their poll tax this year. All unders and overs are asked to secure an exemption in order to bring up the total for the county to the highest possible number.

State Aid Granted to Four Schools in Randall by Official

S. E. Clark, state inspector, was here Monday and visited the county schools together with County Judge B. F. Fronabarger. State aid amounts were cut this year in Randall county over that allowed last year when another inspector visited the schools. The following schools received aid:

Palo Duro, No. 25, \$427.
Stone, No. 20, \$97.
Sunny Hill, No. 9, \$172.
Pierce, No. 26, \$215.

In addition to these amounts schools will be allowed tuition for pupils who attend high school in another district if the district is unable to pay this tuition.

Practically every district in the county has a tax rate of \$1.00, and therefore, the chances of state aid has been cut off.

Mrs. Hugh Layne and Miss Loucille Collins visited in Hereford Tuesday.

Fostering a move for a more expressed Christmas spirit in Canyon, the Chamber of Commerce is offering \$50.00 in cash prizes for the most beautiful Christmas decorations. A prize of \$25.00 will go to the business house which brings out the beauty of the Christmas spirit best with decorations. Likewise a prize of \$25.00 will go to the home which is most appropriately decorated for the Christmas season.

W. A. Warren, president of the Chamber of Commerce states that this is the first move ever made by the local organization toward a general decoration program for the city during the holiday season. Mr. Warren suggests, that as the merchants already pay a flat rate for the awning lights, that the regular lights be replaced with extension cords of colored lights.

The American Legion will sell Christmas trees and decorating materials. T. H. Knighton of the local post of the Legion, states that the trees will be here about the last of this week. The First National Bank building will be used as headquarters by the American Legion in the sale of these trees.

The Chamber of Commerce urges that the people of Canyon use the trees of the American Legion, as the funds go to a worthy cause.

Already a number of stores have entered the race for the \$25.00 prize and more will join the race within the next few days. Registration must be made before Dec. 20th, and Mr. Warren urges that those who plan to enter the competition for the cash award do so as soon as possible so that the decorations will be up for a longer period of time.

Those who enter the home division of the contest are asked to place as much of the decorations as possible on the outside of the house, in order that the decorations may be seen by as many people as possible.

Co-operating with the Chamber of Commerce in the program of decoration during the holiday season, the Texas Utilities Company are offering free, all the electricity necessary to be used in lighting the Court House lawn. The Texas Utilities Company will not enter the contest, but will co-operate in every way possible with lighting devices.

Those who enter the contests for the prizes should register at once at the People's Store, where a record will be kept. Judging will take place between Dec. 20 and 25. Notice will be given of the exact date.

The local organization is to be commended upon their movement to add attractiveness to Canyon during the Christmas season by the use of more decorations.

McCrerey Attends Meeting of Park Committee Tuesday

Col. J. W. McCrerey attended a meeting of the Palo Duro Park committee in Amarillo Tuesday which was attended by many delegates from counties interested in the establishment of the state park. Options have been taken from land owners, and it is estimated that the site for the park may be secured at a very reasonable price.

It is proposed that the state begin at the Harding ranch, northeast of Canyon, and extend along the Palo Duro about 60 miles into Briscoe county, west of Clarendon.

Representatives of the various counties expressed great satisfaction over the outlook for the state park. D. E. Colp, state chairman of the park commission, believes that he has a plan whereby it will be possible to put over the park project in the coming session of the legislature.

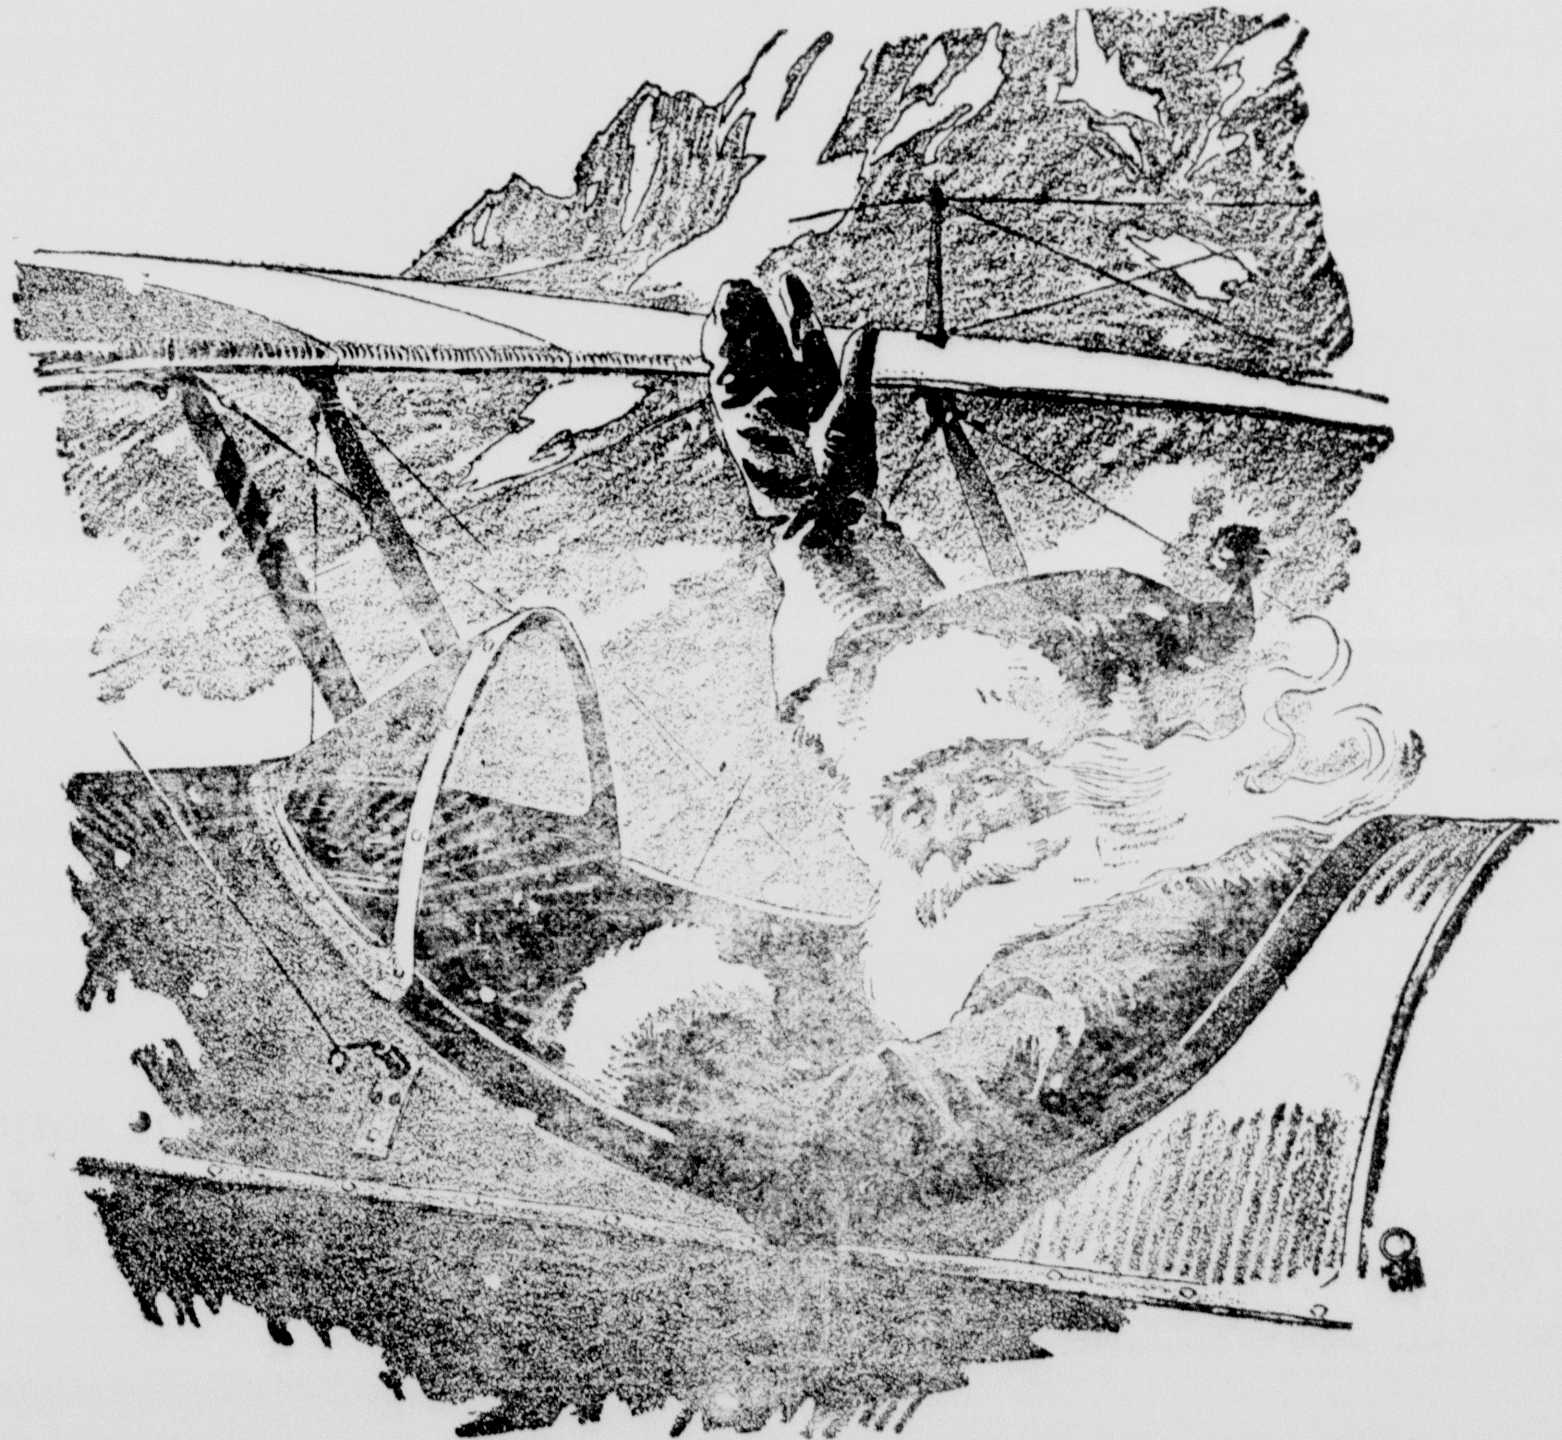

STORK SPECIALS

A daughter was born to Mr. and Mrs. N. O. Beckett, Dec. 2nd.

Born to Mr. and Mrs. E. Roy Carver, a son. Mr. and Mrs. Carver are now living in Amarillo where Mr. Carver is a teacher in the Amarillo high school.

Governor Moody has indicated that he will call the fourth special session of the 41st legislature to convene as early in January as possible. He would have called the special session for December had the report of the prison commission been ready, but this has been postponed until about the middle of this month. While the coming session will be largely devoted to prison re-location, yet the Governor will submit the utilities control bill, and heads of the state institutions will attempt to get money which the Governor vetoed from the appropriations bills. The Governor has indicated that he will veto any prison bill which does not call for re-location upon lands not now owned by the state. The coming session is expected to be built along political lines, and many that participate will be looking toward the primaries in July as they work for or against certain measures. It will probably be the hottest special session of a legislature held in recent years, and may continue into the fifth called session.

President Hoover is engaging the thought of the public servants as to how the country may recover from the Wall Street crash. The President could do it, with the aid of congress, in a very short while. If Wall Street gambling were made punishable just like a bunch of poker players, there would have been no crash from which to recover. The Hoover Boom started last fall, and ended in the ditch last month, leaving a bunch of broke gamblers. It is too bad that a lot of unsuspecting citizens were caught in the jam, and lost a lot of money. Wall Street has a lot to do with the prosperity of the country, and sets the price of farm products which it never sees. Of course the proposed big building program suggested by the President to stimulate confidence will hardly do any good for the broke Wall Street gambler who never drove a nail in his life; but it may bring back the prices of some commodities, which the gamblers drove skyward, and then came down in a tall spin.

Public attention is arrested by the charge of Mayo Bros. that hospitals were charging too much for their services, and that too many unnecessary operations were being performed. Those who have patronized hospitals will readily agree that the charges seem exorbitant, whether they are or not, but hospital services are a matter of moment's decision. There is no opportunity to "shop around" or take the chance of putting it off until a more opportune moment. As for operations, that is for medical men to discuss. The fact is well known that the average doctor makes little more than a decent living; but when he becomes a surgeon he is able to charge fabulous prices. Perhaps this is the incentive back of many operations, or at least that seems to be back of the charges made by the Mayo group against its own profession.

It would seem that the state road bond issue would be one of the major issues in the primary in July. Certainly there are more pressing subjects and problems

which are worthy of more attention than a state bond issue. But proponents are assuming that this should be a big question of 1930 and will make it the major issue. The next legislature will no doubt give the people a chance during 1931 or 1932 to vote on the state bond question, but it is far from being a major issue upon which to pass upon the merit of candidates for Governor.

Governor Moody's friends are said to have started a definite boom for a third term for him. So far the Governor has refused to disclose his political or private plans, which leads one to suspect that a third term would not be at all distasteful to him. The Governor has a lot of ideas which he would like to see worked out.

Tom Love has come out with a strong defense of the Republican party, and especially of its leadership. Tom is running for Governor on the Democratic ticket. It rather appears from his writing that he has cast his lot with the wrong crowd.

OUTWITTING THE CORN BORER
Monroe, Mich.—A. R. Marston, superintendent of the Michigan Corn Borer Experimental Station, announces that the cross-breeding of Maize Amargo, a South American strain of corn, with Duncan, Golden Glow and Red Cob English strains will produce, after inbreeding, a corn which is immune to the corn borer. The strain, after three years' experimenting, has proved 100 per cent resistant when planted next to infested corn. It will be available for planting in five years.

SPRING'S NOT FAR BEHIND
Andover, N. J.—"If winter comes, Spring's not far behind," said Browning, and his contention seems to be borne out this year by the beaver. The beaver each year collects enough food and wood to carry him through the winter. This year the beaver has just begun the task generally started in October, thus indicating a very short cold season. The beaver has generally been a good forecaster.

BALD EAGLES FEWER
Juneau, Alaska.—In 1917 a bounty was placed on the bald eagle. Prior to 1927, 70,000 eagles had been killed. The bounty remains. The bald eagle has only one or two young ones a year. So had the passenger pigeon, the last of which died in the Cincinnati Zoological Garden. It seems as though the bald eagle too is well on its way to extermination.

DID YOU EVER STOP TO THINKBy Edson R. Waite
Shawnee, Okla.

J. M. Davis, president of the Delaware, Lackawanna and Western Railroad Company, says:

That a national menace has been thoughtlessly thrust upon this country by the suicidal carelessness of automobile drivers. The Accident Bulletin of the Interstate Commerce Commission shows that in three years 5,306 persons were killed and 15,405 injured in passenger automobiles and 345 killed and 1,147 injured in motor buses and trucks at grade crossings. In addition to all this horrible killing and maiming, there was, of course, the staggering loss which resulted from this, mostly unnecessary, destruction of property. All this because the imagined importance of "the man behind the wheel" and his craze to hurry makes him trust to luck instead of making sure of the road ahead, and despite the tremendous sums spent for the separation of grades at crossings, the installation of protective warnings, the undisputed fact that the locomotive has the right of way and generally proves it, and that the Supreme Court of the United States has said that if a man relies upon not hearing the train or any signal and takes no further precaution he does so at his own risk.

The Lackawanna Railroad has spent approximately \$29,000,000 eliminating dangerous grade crossings—local and state governments probably spent a similar sum—and yet only 36% of the grade crossings on its lines in New Jersey, Pennsylvania and New York have been eliminated. Meantime, the construction of new highways created about as many new crossings as this expenditure of some \$60,000,000 eliminated.

The estimated cost of eliminating all grade crossings—\$19,000,000,000—is prohibitive to tax-payers. Other means of overcoming these outstanding problems must be evolved. Two remedies suggest themselves. The careful fitting of proposed new highway routes into the existing road scheme, making one crossing do the work of two or more, would greatly reduce the number of new crossings necessary. Careful driving will cure the other evil, because no person who made sure that the way was clear before venturing upon the track ever was killed in a grade-crossing accident.

By John Joseph Gaines

We used to hear the quotation, "All the world loves a lover." We do not hear it so much in these later years. It is not true, anyway. The only perfect lover the world has ever known, met an ignominious death on the cross.

It might better be said that, all the world loves the optimist; at least he commands the respect of his audience, and, draws a good salary. It is so easy for one in comfortable circumstances to be an optimist!

A very esteemed contemporary recently said, "There is no doubt as to the great wealth of our country; look at the automobile sales." Then, he proceeded to give a row of nine or ten figures, in proof of his assertion.

Therefore, every man that owns a gasoline vehicle is a well-to-do and prosperous man! It seems to me a long leap to that conclusion. Even within my somewhat narrow field of observation, I know dozens of cheap cars bought on payments

—and, often well worn out before the final payment. Often the bottom of the flour bin is scraped, that the payments may be made in response to the demands of an airtight mortgage!

I am not a pessimist. Truth is neither pessimism nor politics. It is religion—nothing else. When we throw away truth, we part with religion. Can we afford to do that?

Not one-tenth of the car-owners that I know are out of debt entirely; and no man is either prosperous or even well-to-do who is in water over his head and cannot swim.

A municipality or state organization that buries itself in bonded indebtedness is signing away its liberty in a dangerous fashion. The borrower is servant to the lender —another truth.

The individual or corporation that lives beyond its means is not far from the rocks ahead. The practice of running in debt may look good on paper, and furnish alluring statistics, but it is far from being an indication of wealth. A flivver is by no means indicative

THE EAGLE'S TALE

VOLUME NO. 4

CANYON, TEXAS, DECEMBER 5, 1929.

NUMBER 11

How Some Members of Canyon High Spent Thanksgiving

The Thanksgiving holidays seemed to have been enjoyed by everyone in Canyon high school.

At Clarendon Canyon was represented by Mr. McDonald, Coach Spann, and the Eagles.

Mr. Carruth spent the holidays in Dallas.

The members of the faculty that remained in Canyon were Miss Clark, Miss McCarty, Miss Weter, and Mrs. Fry.

Miss McFarland and Miss Russell spent the holidays in Friona. Miss Rusk visited friends in Plainview.

Miss Hammond was in Chickasha, Oklahoma.

Miss Foster visited friends in Dumas.

Miss Dickenson was in Silverton.

Miss Jordan was in Tulsa.

Members of Canyon High who spent Thanksgiving in Tulsa were

Katie Lowe and Celestine McGee. Mary Orton and Hettie Lou Bagley visited in Pampa. Charline Wiseman visited in Channing. Marie Landers, "Bib" Jameson, Lucile Davault, Betsy Sternberg, Herbert Slack, Ogden Stroud, were in Amarillo.

BOOK REPORT

Book report time is here, and Miss McFarland has been hearing all the last minute book reports all day long for two or three days. Everyone waits until the last day and gets a report of some kind in. This keeps Miss McFarland busy looking through the back reports, and finding the reports that are similar; or looking through last years reports, and finding who has made the same reports for three or four successive reports. This is a very busy time. If pupils should make reports during the six weeks instead of waiting until the last possible moment, it would be much better for them so far as their own grades and their teacher's opinion is concerned.

Help Keep Canyon Clean.

Canyon Eagles Are Defeated at Clarendon Thanksgiving

The Canyon Eagles suffered the third loss of the year on Thanksgiving day. It seems that Clarendon played too good a game of hide-and-seek since their men and crowd were both on the field during the entire game. Some people say that the Clarendon ends hid among the substitutes and some say among the crowd, but anyway Clarendon made two touchdowns on passes to men whom the Eagles didn't see.

Canyon fumbled every time she was in scoring distance, and even though the Eagles played a good game, they were beaten to the tune of 13 to 0, which is a score no other high school opposing Canyon High can boast of this season.

Senior Rings Arrive Wednesday

The long looked for Senior rings arrived last Wednesday afternoon to the great joy of all the seniors.

These rings have been ordered since September 29, and through some unknown cause they were delayed until November 27.

About three o'clock Wednesday afternoon the rings came, and although they were not to be given out until four o'clock, the seniors found out they were here and naturally they were all very excited. A call class meeting was held at four o'clock, and as usual Mr. Carruth made a long talk which made the seniors so excited they could hardly keep from screaming. One by one he called off the names on the little blue boxes, and as each person would get his ring they would at once let out a war whoop, and it would take at least three minutes to get him quieted. At last, the fifty-seven rings were given out and everyone rushed out of the auditorium in search of someone to whom they could show their rings.

The senior rings this year are the same as those of last year and year before last; however that doesn't make the seniors of '30 any the less proud of theirs.

This is the first thing that the seniors this year have had to make them feel that they are more important than they were last year, and they are proud that they have received their rings so early.

Pity the poor fish who thinks the seat of learning is a davenport.

Many a poor boob merely gargles instead of drinking deep of the fountain of knowledge.

Eagles Will Play Slaton Next Friday

The Eagles play again! The Canyon Eagles will play Slaton in a hard game at Slaton, Dec. 6. This game is going to be clean, for Slaton has guaranteed us the best football officials in the country. This game will be played strictly under the interscholastic rules. Football fans declare this will be one of the best high school games in this section of the country. The Slaton Chamber of Commerce is sponsoring this game and are allowing only strictly eligible men to be played by either team.

The Slaton team has lost only two games this year. They beat Clovis 21-0, while we beat Clovis 20-6. Slaton lost the district game to Lamesa by only a small score. Slaton's record is high and therefore become a dreaded antagonist. Canyon has not played Slaton in several years and thereby almost meet a new opponent.

The Eagle players will have to exhibit some fine stiff arming and side stepping to win this game. A special train will carry the Eagles and the Buffalo team as far as Lubbock. Slaton will be there with cars to carry the Eagles team to Slaton.

GIRL SCOUTS

At the Girl Scout meeting Tuesday, November 26, Katy B. Love talked to the Girl Scouts, telling them the aim and purpose of the organization. As this was the first meeting of the year, the time was devoted to the organization, planning of work, and devising a means to earn money. The meetings will be held every Saturday at two o'clock in room 23 in the high school building.

"Stop Thief," the play that was presented by the Canyon High School Talkie, was so successful that it will be given at Friona next Tuesday night. The Missionary Society of the Baptist church is sponsoring the play, so a good crowd is guaranteed. Many books will be bought with the money taken from the first performance, and it is hoped that a great deal more can be bought by giving a performance at Friona.

"Uncle" Tommy Clark Talks In Chapel Wednesday

The students of Canyon High had a great treat before the Thanksgiving holidays commenced. During the chapel period Wednesday "Uncle" Tommy Clark told of his delightful trip to the Hawaiian Islands. He had many interesting articles and costumes, and best of all he sang an Hawaiian song and demonstrated the Hula Dance.

Everyone knows how entertaining Mr. Clark can be, and this talk was the best that the students have ever heard.

Canyon is becoming to be a much dreaded antagonist in football. The White Deer Chamber of Commerce offered the White Deer Panthers \$100 for every touchdown, \$50 for every extra point, and \$25 for every spectacular run. The Eagles are getting so thoughtful and kind, because they saved the White Deer Chamber of Commerce some money by taking the victory and holding White Deer line in close check.

CANYON, TEXAS, DECEMBER 5, 1929.

NUMBER 11

How Some Members of Canyon High Spent Thanksgiving

The Thanksgiving holidays seemed to have been enjoyed by everyone in Canyon high school.

At Clarendon Canyon was represented by Mr. McDonald, Coach Spann, and the Eagles.

Mr. Carruth spent the holidays in Dallas.

The members of the faculty that remained in Canyon were Miss Clark, Miss McCarty, Miss Weter, and Mrs. Fry.

Miss McFarland and Miss Russell spent the holidays in Friona. Miss Rusk visited friends in Plainview.

Miss Hammond was in Chickasha, Oklahoma.

Miss Foster visited friends in Dumas.

Miss Dickenson was in Silverton.

Miss Jordan was in Tulia. Members of Canyon High who spent Thanksgiving in Tulia were

Katie Lowe and Celestine McGee. Mary Orton and Hettie Lou Bagley visited in Pampa.

Charline Wiseman visited in Channing.

Marie Landers, "Bib" Jameson, Lucile Davault, Betye Sternberg, Herbert Slack, Ogden Stroud, were in Amarillo.

BOOK REPORT

Book report time is here, and Miss McFarland has been hearing all the last minute book reports all day long for two or three days. Everyone waits until the last day and gets a report of some kind in. This keeps Miss McFarland busy looking through the back reports, and finding the reports that are similar; or looking through last years reports, and finding who has made the same reports for three or four successive reports. This is a very busy time. If pupils should make reports during the six weeks instead of waiting until the last possible moment, it would be much better for them so far as their own grades and their teacher's opinion is concerned.

Help Keep Canyon Clean.

Canyon Eagles Are Defeated at Clarendon Thanksgiving

The Canyon Eagles suffered the third loss of the year on Thanksgiving day. It seems that Clarendon played too good a game of hide-and-seek since their men and crowd were both on the field during the entire game. Some people say that the Clarendon ends hid among the substitutes and some say among the crowd, but anyway Clarendon made two touchdowns on passes to men whom the Eagles didn't see.

Canyon fumbled every time she was in scoring distance, and even though the Eagles played a good game, they were beaten to the tune of 13 to 0, which is a score no other high school opposing Canyon High can boast of this season.

Senior Rings Arrive Wednesday

The long looked for Senior rings arrived last Wednesday afternoon to the great joy of all the seniors.

These rings have been ordered since September 29, and through some unknown cause they were delayed until November 27.

About three o'clock Wednesday afternoon the rings came, and although they were not to be given out until four o'clock, the seniors found out they were here and naturally they were all very excited. A call class meeting was held at four o'clock, and as usual Mr. Carruth made a long talk which made the seniors so excited they could hardly keep from screaming. One by one he called off the names on the little blue boxes, and as each person would get his ring they would at once let out a war whoop, and it would take at least three minutes to get him quieted. At last, the fifty-seven rings were given out and everyone rushed out of the auditorium in search of someone to whom they could show their rings.

The senior rings this year are the same as those of last year and year before last; however that doesn't make the seniors of '30 any the less proud of theirs.

This is the first thing that the seniors this year have had to make them feel that they are more important than they were last year, and they are proud that they have received their rings so early.

Pity the poor fish who thinks the seat of learning is a davenport.

Many a poor boob merely gorges instead of drinking deep of the fountain of knowledge.

Thanksgiving Game Results In Defeat for Buffaloes at Hands Of Indians With Score 19-16

For First Time in History Buffs Score on Indians
in Evenly Matched Game; Ward Stars For Buffs;
Tharp for Indians.

About 2400 people of West Texas saw one of the most evenly matched football games ever staged in the Panhandle, on Thanksgiving day when the McMurry Indians from Abilene invaded the Buffalo territory and took the high score of the game back to their own country; the total score of which was 19 to 16. This was the Buffaloes first experience to score on the Indians, as heretofore the Herd has been held helpless.

The game, as usual, had to be played in competition with a hard north wind. The Buffs won the toss and of course took advantage of this condition and won two touchdowns before the first quarter was over. Powell made the first score, and Jones kicked the extra point. Gerald scored the second touchdown, and again Jones kicked the extra point. Powell made his score by a long left end run. Gerald carried the pigskin across the other side on the next touchdown.

This playing condition of the Buffaloes completely surprised the Indians, and of course when the quarter was over they had the advantage of the wind. They came back and during this period of play won their first touchdown, and also kicked for the extra point. From this time on until the half was over neither team could score. During the third quarter the mighty Tharp scored the second touchdown for the Indians, after having to break loose from two Buffaloes and run 10 more yards for the goal line. Again in the fourth

quarter Tharp carried the ball across the line for six more points. The Buffaloes blocked one of the Indians' trial for the extra point and they just failed to get a good kick on the other attempt.

Had the wind not been so strong the Indians would have scored a field goal, when they kicked from the 10 yard line, but the north wind caught the ball and turned it to the right of the goal posts.

The Buffaloes won their two extra points while they had the ball on the Indian's one yard line, but failed to score a touchdown or to make the first down, and the ball went over. In fear of a fumble or a trial at punting the Indians held the ball behind the goal line and permitted a safety for the Buffaloes. This gave the Herd their total of 16 points.

Tharp, the Redskin backfield man, was the star of the game. It seemed as if he could make holes through the Buff line, but of course he had good interference, otherwise he would have been helpless. Pool did some good carrying for the Redskins. Segell played a good game, but failed to come up with Tharp.

Gerald, the Buffalo half back again proved his ability as a broken field runner. Twice he returned McMurry's kickoffs almost back to where the ball was kicked from. Gerald made several good gains. Captain Ward played the best game for the Buffaloes at the end position. Many times he dragged the Indians to the ground when they came around his territory. New-

man caught two long passes, and Jones caught three short ones. The line, composed of Bandy, Elkins, Miller, McClendon, Sanders, Logan and Ward did some of the best holding of the season.

There were nine Buffaloes that were playing their last conference game and not one lagged. But both teams were so evenly matched that neither could gain very much on just line bucking plays.

There were only five substitutions made during the game, three for the Buffs and two for the Indians. One or two changes were made in positions on each team.

Summary of the game:
On 54 plays the Buffaloes made 216 yards of gainage, including passes, and lost 50.

Punted six times for an average of 26 yards.

Passed 10 times for 103 yards, two were incomplete, three intercepted, and five were complete.

Fumbled twice and lost the ball both times.

Made 10 first downs.

On 69 plays McMurry made 224 yards of gainage, including passes, and lost 30.

Punted 8 times for an average of 22 yards.

Passed 10 times for 77 yards, four were incomplete, three intercepted, three complete.

Penalized three times for a total of 25 yards.

Fumbled three times and lost ball each time.

Made 14 first downs.

The recent crash in the stock market broke all records. And that's not all it broke.—Nashville Southern Lumberman.

Very often, our idea of wasted time is two lawyers arguing a case before a judge.

COWAN TO BE HONOR
GUEST AT TEA-SHOWER

Invitations have been sent to some thirty persons for a tea and miscellaneous shower to be given in honor of Miss Jewell Cowan at the home of Miss Jennie C. Ritchie on Fourth avenue Saturday afternoon at 4:30. Miss Mary Morgan Brown and Alice Dawes Fry will be hostesses of the occasion.

Miss Cowan is to be married to Mr. J. T. Murrell, December 27. Mr. Murrell is a graduate of A. & M. College and has been in Venezuela, South America, for the past two years. He recently returned for his first vacation, and soon after the wedding the young couple will return to South America.

"The Filipinos," says Senator Wheeler, of Montana, "are as capable of voting as the people of Chicago or Philadelphia are." Would you call that damning with faint praise, or just plain knocking?—Macon Telegraph.

Bull fighters in Mexico City have organized a union, and it is going to be pretty exciting if they lay down their tools in the middle of a job.—Detroit News.

Women Suffering
Bladder Irritation

Don't give up. Get Cystex today at any drug store. Put it to the test. See for yourself how quickly it works. Money back if it doesn't bring quick improvement, and satisfy you completely. Try Cystex today. Only 60c.

THE OUTLOOK FOR
PROSPERITY

President Hoover's conferences of big business heads have had a reassuring effect already. The railroads and the great industries have given their pledges not to reduce their production and development programs but to increase them, to employ more men instead of laying off workers, in many instances to increase wages. The governors of the states have been almost unanimous in their assurances of increased activity in public works. The President himself has pledged the Federal Government, so far as Congress will authorize it, to a building and development program beyond what had been contemplated.

It seems to be true, then, that unlike all previous slumps in the stock market, the one which occurred in October was not caused by anything in the general business situation. And it seems as certain as anything in the future can be, that if all the pledges given to the President are kept, or most of them, 1930 will turn out to be the most prosperous year in our national history.

As to law enforcement, the first essential to a successful operation is to have your instruments clean.

Thanksgiving Game Results In Defeat for Buffaloes at Hands Of Indians With Score 19-16

For First Time in History Buffs Score on Indians in Evenly Matched Game; Ward Stars For Buffs; Tharp for Indians.

About 2400 people of West Texas saw one of the most evenly matched football games ever staged in the Panhandle, on Thanksgiving day when the McMurry Indians from Abilene invaded the Buffalo territory and took the high score of the game back to their own country; the total score of which was 19 to 16. This was the Buffaloes first experience to score on the Indians, as heretofore the Herd has been held helpless.

The game, as usual, had to be played in competition with a hard north wind. The Buffs won the toss and of course took advantage of this condition and won two touchdowns before the first quarter was over. Powell made the first score, and Jones kicked the extra point. Gerald scored the second touchdown, and again Jones kicked the extra point. Powell made his score by a long left end run. Gerald carried the pigskin across the other side on the next touchdown.

This playing condition of the Buffaloes completely surprised the Indians, and of course when the quarter was over they had the advantage of the wind. They came back and during this period of play won their first touchdown, and also kicked for the extra point. From this time on until the half was over neither team could score. During the third quarter the mighty Tharp scored the second touchdown for the Indians, after having to break loose from two Buffaloes and run 10 more yards for the goal line. Again in the fourth

quarter Tharp carried the ball across the line for six more points. The Buffaloes blocked one of the Indians' trial for the extra point and they just failed to get a good kick on the other attempt.

Had the wind not been so strong the Indians would have scored a field goal, when they kicked from the 10 yard line, but the north wind caught the ball and turned it to the right of the goal posts.

The Buffaloes won their two extra points while they had the ball on the Indian's one yard line, but failed to score a touchdown or to make the first down, and the ball went over. In fear of a fumble or a trial at punting the Indians held the ball behind the goal line and permitted a safety for the Buffaloes. This gave the Herd their total of 16 points.

Tharp, the Redskin backfield man, was the star of the game. It seemed as if he could make holes through the Buff line, but of course he had good interference, otherwise he would have been helpless. Pool did some good carrying for the Redskins. Segell played a good game, but failed to come up with Tharp.

Gerald, the Buffalo half back again proved his ability as a broken field runner. Twice he returned McMurry's kickoffs almost back to where the ball was kicked from. Gerald made several good gains. Captain Ward played the best game for the Buffaloes at the end position. Many times he dragged the Indians to the ground when they came around his territory. New-

man caught two long passes, and Jones caught three short ones. The line, composed of Bandy, Elkins, Miller, McClendon, Sanders, Logan and Ward did some of the best holding of the season.

There were nine Buffaloes that were playing their last conference game and not one lagged. But both teams were so evenly matched that neither could gain very much on just line bucking plays.

There were only five substitutions made during the game, three for the Buffs and two for the Indians. One or two changes were made in positions on each team.

Summary of the game:
On 54 plays the Buffaloes made 216 yards of gainage, including passes, and lost 50.

Punted six times for an average of 26 yards.
Passed 10 times for 103 yards, two were incomplete, three intercepted, and five were complete.

Fumbled twice and lost the ball both times.

Made 10 first downs.
On 69 plays McMurry made 224 yards of gainage, including passes, and lost 30.

Punted 8 times for an average of 22 yards.

Passed 10 times for 77 yards, four were incomplete, three intercepted, three complete.

Penalized three times for a total of 25 yards.

Fumbled three times and lost ball each time.

Made 14 first downs.

The recent crash in the stock market broke all records. And that's not all it broke.—Nashville Southern Lumberman.

Very often, our idea of wasted time is two lawyers arguing a case before a judge.

COWAN TO BE HONOR GUEST AT TEA-SHOWER

Invitations have been sent to some thirty persons for a tea and miscellaneous shower to be given in honor of Miss Jennie C. Ritchie on Fourth avenue Saturday afternoon at 4:30. Miss Mary Morgan Brown and Alice Dawes Fry will be hostesses of the occasion.

Miss Cowan is to be married to Mr. J. T. Murrell, December 27. Mr. Murrell is a graduate of A. & M. College and has been in Venezuela, South America, for the past two years. He recently returned for his first vacation, and soon after the wedding the young couple will return to South America.

"The Filipinos," says Senator Wheeler, of Montant, "are as capable of voting as the people of Chicago or Philadelphia are." Would you call that damning with faint praise, or just plain knocking?—Macon Telegraph.

Bull fighters in Mexico City have organized a union, and it is going to be pretty exciting if they lay down their tools in the middle of a job.—Detroit News.

THE OUTLOOK FOR PROSPERITY

President Hoover's conferences of big business heads have had a reassuring effect already. The railroads and the great industries have given their pledges not to reduce their production and development programs but to increase them, to employ more men instead of laying off workers, in many instances to increase wages. The governors of the states have been almost unanimous in their assurances of increased activity in public works. The President himself has pledged the Federal Government, so far as Congress will authorize it, to a building and development program beyond what had been contemplated.

It seems to be true, then, that unlike all previous slumps in the stock market, the one which occurred in October was not caused by anything in the general business situation. And it seems as certain as anything in the future can be, that if all the pledges given to the President are kept, or most of them, 1930 will turn out to be the most prosperous year in our national history.

As to law enforcement, the first essential to a successful operation is to have your instruments clean.

Mr. and Mrs. D. G. Trimble of Liberal, Kansas, were visiting in the home of O. M. Scott Thanksgiving day. Mr. Trimble is the pastor of the Church of God at Liberal, and Mrs. Trimble, Mr. Scott's sister, is pastor at Hugoton, Kansas.

C. I. Kaufman and family were visiting in Canyon Wednesday evening.

Ernest Duncan spent Thanksgiving day with Everett Kaufman.

Frank Grace spent Sunday night with C. I. Kaufman.

Miss Elona Duncan spent Sunday night with Bertha Sykes.

Clark Neff, Edd and Julius Kuehn recently gave Grandma Kuehn a surprise birthday dinner on her 75th birthday. Grandma Kuehn has lived in Swisher county 40 years.

Mr. and Mrs. C. E. Dubbs entertained a large number of friends and relatives with a Thanksgiving dinner Sunday.

Those present were Mr. and Mrs. H. F. Ratjen and family, I. H. Hollabaugh and family, Mr. and Mrs. P. D. Sherwood, Bob Ratjen and family of Plainview, C. W. Dubbs and family of Amarillo, Mrs. J. H. Loyal and daughters, Boss Wright and family, O. A. Smith and family, Harvey Groom and family, Claude Henderson and family of Happy, John Royal, Mrs. Penil and daughter Lorene, Louise Gillham, Mike Terry, John Gillham of Canyon, Mrs. Reed and Mrs. Irene Carson of Amarillo.

Mr. and Mrs. Clarence Stallings and Mr. and Mrs. Charley Stallings spent Thanksgiving day in Turkey.

C. E. SOCIAL

Members of the Christian Endeavor Society of the Christian Church had an enjoyable time at a social last Monday night. After the group had played various games, all of which caused much laughter and merriment, delicious refreshments of candied apples and Hersheys were served. A story by Dr. Pierle and several piano selections by Jennings Flathers added to the evening's entertainment.

CAR DELIVERIES

T. F. Burks, used Ford Coupe.
W. S. Harris, New Chevrolet Sedan, and used Ford Touring.
J. A. Whittenburg, Jr., New Ford Coupe.

Mrs. J. A. Whittenburg, Jr., New Ford Fordor Sedan.

J. W. Kleinschmidt, New Ford Three Window Sedan.

T. M. Clark, New Ford Town Sedan.

CHRISTMAS BAZAAR

The ladies of the Christian Church will hold a Christmas Bazaar on Saturday, December 7, and Monday, December 9, at the City Market. They will have for sale cakes, Japanese novelties, Christmas Cards, and an assortment of home made gifts.

LAS SENORAS NUEVAS CLUB

Mrs. Lois Prichard was hostess to the Las Senoras Nuevas bridge club last Saturday afternoon when she entertained with three tables of bridge. Delightful refreshments were served to the club members and Mrs. Grace Harter, special guest of the club.

MRS. BABSTON DIES

Word has been received of the death of Mrs. Babston, who was spending the winter with a son at Coleman while her daughter, Miss Linnie Babston, assistant librarian at the College, was attending school at Nashville, Tennessee. Mrs. Babston has lived in Canyon for a number of years, and is well known here.

Children's Theatre Gives Play at the Education Building

The Children's Theater under the direction of Miss Mary Morgan Brown of the Public Speaking department is presenting two very lovely children's plays this afternoon, at the auditorium of the Education Building.

"The Pass Word," by Helen Coale Crew, and "The Sing-a-Song Man" by Florence Comfort are the offering for today. These are two of the best fanciful plays for children that have appeared recently.

The tickets for the entire year are \$1.50 and single admissions are twenty-five cents. This makes the plays for the year, if tickets are purchased, cost less than twenty cents each.

The Children's Theater in Canyon was one of the very first established in Texas, and its work last year was recognized by very favorable write-ups in the fine arts section of the Sunday Dallas News and in the Drama Magazine.

The performances are planned to develop a fine literary and dramatic sense in children, according to the directors, but they are also very attractive to grown people.

FEDERATED CLUB NOTICE

The Federation of Women's Clubs will meet Wednesday, Dec. 11, at 2 o'clock in the Federated Club rooms. The officers are anxious that each Federated Club have its delegates attend this meeting. Plans will be made for the empty stocking crusade that the Federated Club conducts each year at Christmas time for the needy children of Randall county.

BAPTIST W. M. S.

The monthly missionary and business meeting of the W. M. S. of the Baptist church was held at the home of Mrs. W. J. Hinkle Tuesday afternoon, with Circle No. 1 as hostess. The program was "The Unchanging Task in a Changing World," and twenty-five members were present.

Delegates were elected to attend the Associational W. M. S. to be held in Tulsa this week. Plans for a miscellaneous sale were perfected. All Baptist ladies are urged to contribute something to this sale, and the proceeds go to the building fund.

After the program, refreshments of sandwiches, hot chocolate and cake were served.

CHRISTIAN ENDEAVOR

Young People's Society of the Christian Endeavor of the Christian Church meets each Sunday evening at 6:30. Developing this month's theme of "Stewardship and Service," the topic of "Why Christianity is a Missionary Religion" was discussed last Sunday.

The program for next Sunday, December 8, is as follows:

Topic: What is back of our Christmas giving?

Leader: Winston Savage.

Opening Songs.

Prayer.

Scripture reading: Matt. 2:1-11; I. Cor. 13:3.

Leaders Talk.

Topics for discussion: (1) Christian Motives for Christmas giving.

(2) The returns of a Christian Christmas giving. (3) How should we observe Christmas Day?

Song.

Benediction.

Be thankful—you have reason enough whether you have sense enough, or not.

Miss Lorna Stock was home from her school work at Plemors for the Thanksgiving holiday. Miss Marie Stalcup, who is teaching music in the Vernon Junior high school, spent Thanksgiving at the E. P. Stock home.

LOCAL NEWS

John T. Wiley has recovered from his illness and was up town this morning for the first time in seven weeks. He states that this is the first time in fifty years that he has been confined to his bed for more than a day or two at a time. Hugh Fite spent Thanksgiving visiting with friends in Lubbock. Rin Tin Tin is playing at the Strand Saturday night. Howard Lane, who is attending business college in Amarillo, spent the week end visiting here with his mother, Mrs. Hugh Lane.

ANNA LEE BAIRD AND "BOB" MCGEE ARE MARRIED

A wedding of much social interest which was solemnized Sunday afternoon at the four o'clock hour was that of Miss Anna Lee Baird and Mr. Robert Donald McGee. The ceremony was performed at the first Christian Church in Amarillo with the Rev. Clark Buckner officiating. The only attendants were Mr. and Mrs. Doyle S. Gregory of Plainview. Only the immediate relatives and friends of the young couple were present.

The bride is the youngest daughter of Mr. and Mrs. W. C. Baird. She is a former student of the West Texas State Teachers College.

Mr. McGee is the son of Mr. and Mrs. Robert McGee of Canyon. He graduated from the Canyon high school and has attended the West Texas State Teachers College and Columbia University. He is a member of the Alpha Sigma Epsilon fraternity. Mr. McGee is at present the secretary to C. F. Cravens, superintendent of the Santa Fe. The couple left shortly after the ceremony for a tour of California. They will be at home in Amarillo.

METHODIST BAKE SALE

The Women's Missionary Society of the Methodist Church will hold a Christmas Bazaar and bake sale on next Saturday, December 7, at the real estate office of G. G. Foster.

Miss Lorna Stock was home from her school work at Plemons for the Thanksgiving holiday. Miss Marie Stalcup, who is teaching music in the Vernon Junior high school, spent Thanksgiving at the E. P. Stock home.

LOCAL NEWS

John T. Wiley has recovered from his illness and was up town this morning for the first time in seven weeks. He states that this is the first time in fifty years that he has been confined to his bed for more than a day or two at a time. Hugh Fite spent Thanksgiving visiting with friends in Lubbock. Rin Tin Tin is playing at the Strand Saturday night. It Howard Lane, who is attending business college in Amarillo, spent the week end visiting here with his mother, Mrs. Hugh Lane.

ANNA LEE BAIRD AND "BOB" MCGEE ARE MARRIED

A wedding of much social interest which was solemnized Sunday afternoon at the four o'clock hour was that of Miss Anna Lee Baird and Mr. Robert Donald McGee. The ceremony was performed at the first Christian Church in Amarillo with the Rev. Clark Buckner officiating. The only attendants were Mr. and Mrs. Doyle S. Gregory of Plainview. Only the immediate relatives and friends of the young couple were present. The bride is the youngest daughter of Mr. and Mrs. W. C. Baird. She is a former student of the West Texas State Teachers College.

Mr. McGee is the son of Mr. and Mrs. Robert McGee of Canyon. He graduated from the Canyon high school and has attended the West Texas State Teachers College and Columbia University. He is a member of the Alpha Sigma Epsilon fraternity. Mr. McGee is at present the secretary to C. F. Cravens, superintendent of the Santa Fe. The couple left shortly after the ceremony for a tour of California. They will be at home in Amarillo.

MARRIAGE LICENSES

Robert Foster and Miss Elizabeth Chandler, Nov. 24. H. W. Cochran and Mrs. May Ellingsworth, Nov. 27. Duard C. Trafton and Miss Myrtle E. Devault, Nov. 27. John D. M. Bishop and Miss Sammie Jones, Nov. 28. Diamonds and Wedding Rings, E. Burroughs, Jeweler.

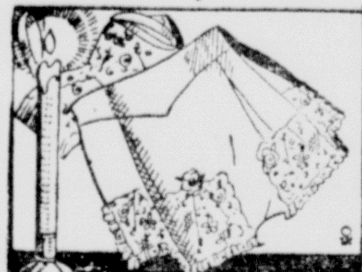

MRS. LIVINGSTON ILL

Mrs. E. A. Livingston is critically ill with pneumonia. Her son, B. S. Livingston, recently went to California to spend the winter, but was wired to return owing to his mother's condition. The wise husband remains dumb when his wife is speaking.

COLLEGE BOYS VISIT MASTER DAIRY FARMS

FRANK R. PHILLIPS AND SEVEN STUDENTS STUDY DAIRYING ON FARMS IN SWISHER AND HALE COUNTIES.

Seven members of the advanced dairying class of the West Texas State Teachers College, headed by Professor Frank R. Phillips, spent one day last week visiting master dairy farmers in Hale and Swisher counties. The object of the trip was to combine the theory which the students had learned from books with the practical results obtained in the News-Globe Master Dairy Farmers Contest.

The first farm visited in Hale county was that of Mr. J. E. Rigler, where the students were particularly interested in Mr. Rigler's market methods. He stated that he was able to dispose of ten thousand pounds of butter fat last year for \$15,000 by means of converting it into a high quality butter; whereas, had he sold this amount on the open market in the unfinished product of butterfat, he would have received about seven or eight hundred dollars. The students expressed at the high quality of butter being manufactured by means of the unlimited equipment which this farmer possesses.

The next farm visited belonged to one of the youngest winners in the dairy contest, Mr. Luther Griffin. The students expressed approval of his system of feeding.

Believes in Sidelines

The next farm visited was that of John Adams, who lives on the highway between Tulsa and Kress. Mr. Adams was one of the high men in the contest and, according to the visitors, graded excellent for the kind of hogs and chickens which he was using as a sideline for his dairy. Mr. Adams stated that he had tried selling whole milk that was thoroughly convinced that he could not get a substitute feed for skim milk; therefore he had gone back to selling butterfat. He keeps pure-bred Plymouth Rock chickens and Poland China hogs. He stated that his hog sales amounted to \$1930 last year, which largely represented his sale of skim milk through his hogs. Mr. Adams was one of the first men in Swisher county to join the pure-bred bull circles and has several excellent demonstrations showing what can be done in grading up a herd.

The class also visited Sid Payne's dairy, which won first place in the Master Dairy Contest, and stopped at Bob Nichol's dairy for the purpose of looking over his gold and silver medal cows. The members of the class agreed that Mr. Nichol had the outstanding quality herd of the dairies which they visited.

EAT MEAT OR BE EATEN

New York.—Lorenz Hagenback, who has come to America to act as adviser to leading zoos, says that persons who eat a great deal of meat can walk right up to lions and tigers without having the trouble of being picked for a meal. Meat, says this authority, will make a man smell like a lion or a tiger and these wildcats will give him but scant attention. Antelopes and zebras, however, feel no friendship for the meat-eater. Vegetarians stand little chance in the jungle if they come within the range of lions and tigers, Hagenback declares.

With mass killings, murder trials that attract nation-wide attention, shooting down men from running automobiles, and the like, we trust that North Carolina is now considered sufficiently civilized to meet the requirements of even the Chicago papers—Jackson County Journal (Sylvia, N. C.).

"Do you want a car that will help you to see the world?" asks an advertisement. It all depends which world is meant—this one or the next.—The Passing Show.

Some people are cheerful losers and others can't act.—Brooklyn Times.

FEELS IT IS HIS DUTY

"I've Suffered 14 Years and Orgatone Has Given Me a New Lease on Life," Says Amarillo Man.

"Orgatone has simply given me a new lease on life," said D. C. Trimmer, of 3511 W. Seventh St., Amarillo, Texas, while in the City Drug Store, at Amarillo, Texas.

"Before I commenced taking it," he continued, "I was so rundown and miserable that just any little thing would tire me, as much as a day's work does now. I had a very bad case of stomach trouble, and everything I ate disagreed with me, all the time. My food soured on my stomach and caused gas to form and my heart would palpitate like it would jump out of my body. I was nervous and restless and couldn't sleep at night, and many a night I wondered about my condition, for it was alarming. I had dizzy, bilious spells and had severe headaches and just kept going down hill every day.

"Orgatone was recommended so highly by so many of our local Amarillo people, I began taking it, and it has certainly made the future look much brighter for me. I noticed a decided improvement soon after I had finished my first bottle. My stomach trouble has been relieved and I'm not bothered with those dizzy, bloating, bilious spells, and my heart is back to normal, and the gas doesn't form on my stomach as it did. My nerves are quiet and my sleep is delightfully refreshing. I am so much better and stronger and don't feel tired and worn out as I did. I'm going to take another bottle and then I'll be in tiptop shape. I feel that it is my duty to tell everybody about Orgatone, and I want my friends to know about it and the good it does, so I don't hesitate to recommend it."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

GAS IN INDUSTRY

During the past 15 years, use of gas in industry has increased more than 500 per cent. If gas were to be suddenly dispensed with, more than 300,000 workers would be thrown out of employment.

Gas has many advantages, such as cleanliness, flexibility, freedom from smoke, accurate control of heat, efficiency and economy that has given it more than 20,000 industrial uses. Recently, gas has come into favor as a cooling agency.

Those who forecast, some years ago, that electricity sounded the death knell of the gas industry, were poor prophets. In both the home and in industry gas grows increasingly important as its potentialities become better known.

TELEPHONE PROGRESS

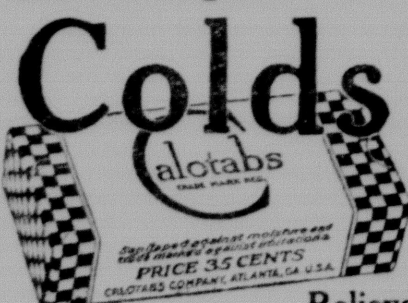

The work of the telephone in aiding the social and industrial progress of the world cannot be estimated.

The United States has 19,500,000 telephones and the number is increasing at the rate of 800,000 annually. Each year the American people send more than 26,000,000,000 messages.

We can at a reasonable cost, speak to many great foreign cities. Only 15 per cent of the world's telephones are unconnected with the American system. In a fraction of a second a voice by telephone travels to a listener across continents and oceans.

International civilization owes the telephone a great debt.

HINTS FOR THE HOME

BY NANCY HART

Many of us have not been able to withstand the temptation of those sparkling new aluminum tripolators which have recently appeared at the stores. Naturally we have tried out the drip method of making coffee in them—and are converts. But de we all know just why the beverage tastes so much better and why it is better for us?

It is because no tannin or bitterness is extracted from the coffee by the drip process, as it is by boiling; only the full flavor and the good qualities of the bean are obtained. This alone is news enough to make us want to try this modern method which is approved—and practiced—by almost every famous chef and domestic science expert in the country.

But in case some are thinking of the old time process which used a slow dripping muslin bag—it should be remembered that this new method of making "drip" is almost instantaneous. One simply puts the coffee (a dessert spoonful for each cup) into its perforated compartment, pours boiling water into the top section of the pot—and presto, in a second or two the beverage is ready to serve.

For the Meatless Meal

Cream of Lima Bean Soup
Corn Oysters
Stewed Tomatoes
Cabbage au gratin
Apple and Celery Salad
Boston Cream pie
Coffee

Rabbit a la Mode

Joint young rabbit that has been skinned and cleaned; lay meat over night in pickling liquid composed of 2-3 water, and 1-3 vinegar, salt and pepper to taste, cloves, allspice, celery seed and sliced onion. Next day remove meat from liquid, dry dredge with flour and fry in butter as you would chicken. Thicken gravy with brown flour, add a little pickling juice, if desired, strain put meat back in gravy and simmer for half hour before serving.

Mixed Vegetable Salad

On a salad platter arrange crisp lettuce leaves, six sections of cooked cauliflower, 1 cup cooked spinach, 1 cup cooked string beans; quarters of hard-boiled egg. Dress with French dressing to which 1 tbs. chopped pimiento has been added.

Apricot Tarts

Drain a can of apricots and mash them. Sweeten to taste and add sufficient flour to thicken to proper consistency. Add a teaspoon of butter, line tart pans with puff paste, fill with the apricot filling, criss-cross with ribbons of pastry and bake until light brown. Dredge with confectioner's sugar and cinnamon just before serving.

Browns Flour Quickly

For thickening meat gravies, browned flour is usually best. To prepare a quantity which can be used from time to time, spread one cup flour on a pie tin and set in hot oven. Stir frequently to prevent burning.

Removes Color from Fabrics

You can bleach tinted fabrics that have become faded by washing them in boiling water to which cream of tartar has been added in the proportion of 1 teaspoon of powder to a quart of water.

Every politician thinks he is a statesman just after being reelected.

Civil war has broken out in China again, the first time in three days.—Indianapolis News.

Stomach Test Free

If poor digestion makes you suffer from gas, bloating, heartburn, acidity, or sick stomach, try the Dietox 15 Minute Test. Absolutely harmless. Works fast. Five positive digestive aids, in pleasant tablet form. No soda, dopes or laxative. Get Dietox from your druggist today for only 60c. Absolutely free under the money-back guarantee, if it doesn't give stomach comfort in 15 minutes, and soon help restore good digestion.

the JOY of LIVING

is founded on Good Health

Your joy may depend upon rich, red-blood-cells

A HEALTHY body is vigorous, strong and sound. It is man and woman's greatest asset. It demands that the red-blood-cells shall not be decreased in number.

The red-blood-cells are its workers—5,000,000 to the cubic millimeter. It is dangerous to let the blood count remain below normal.

With an increase in the red-blood-cells, you will be on the right road to Health. This is Nature's way to body power and to clear skin.

You owe it to yourself and family to give S.S.S. a trial. It promotes healthy body building. It helps Nature build rich, red blood. For more than 100 years S.S.S. has been helping people regain and retain their strength and charm. It is made from strictly fresh vegetable drugs and is easy to assimilate. Pleasant to take. Thousands of users have testified to its benefits in unsolicited letters of gratitude.

S.S.S.

You will be delighted with S.S.S. blood-building and tonic effects. Take at mealtime. At all drug stores in two sizes. Ask for the larger size. It is more economical.

Imagine your Motor

Constantly immersed in Oil

That, in effect, is what happens when you fill your crank case with Conoco Germ Processed Motor Oil—none of its hundreds of moving parts are ever without lubrication.

A MOTOR OIL, to do a 100% job, must lubricate all the time. That means that it should provide a lubricating film at every stage of motor operation including starting when the engine is cold. In other words, the motor should have a perpetual oil bath.

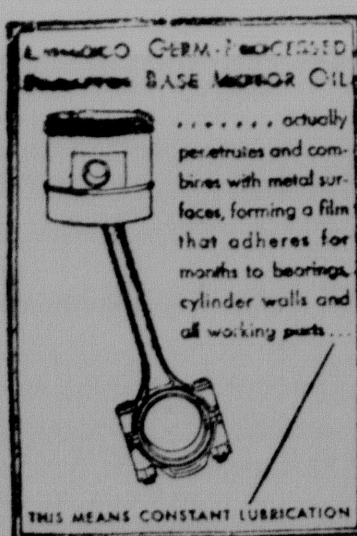

And that's exactly what happens when you use Conoco Germ Processed Motor Oil for the very good reason that this super-lubricant because of the patented germ process by which it is produced, actually combines with the bearing surfaces to form a film which adheres indefinitely. It never leaves the bearings—and that means constant lubrication.

Think of the saving this means to the motoring public! Automotive engineers estimate that from 40% to 60% of the destructive wear and tear on a motor is caused in the starting operation because, with ordinary oil in the crankcase, the moving parts have no lubricating film when the engine is cold—and the oil is not distributed until 5 or 10 minutes after starting. Imagine the abuse to the engine during these periods of running with absolutely no lubrication! No wonder Conoco Germ Processed Oil is hailed as the revolutionizing motor lubricant. Its "carry-over" film has solved the greatest lubrication problem of the day. It assures longer life and smoother operation in any motor where it is used.

And never forget that to produce Conoco Germ Processed Oils the exclusive germ essence principle is applied to only carefully selected paraffin base crudes, resulting in a lubricant with greater film strength, greater adhesiveness, greater tenacity, greater stamina and lower friction than any other oil on the American market.

Draw up to the Conoco Red Triangle and give your motor a perpetual oil bath. Ask for Conoco Germ Processed Motor Oil.

WHEN CHILDREN Need a Laxative

"We have used Theford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

Automotive engineers estimate that from 40% to 60% of the destructive wear and tear on a motor is caused in the starting operation because, with ordinary oil in the crankcase, the moving parts have no lubricating film when the engine is cold—and the oil is not distributed until 5 or 10 minutes after starting. Imagine the abuse to the engine during these periods of running with absolutely no lubrication! No wonder Conoco Germ Processed Oil is hailed as the revolutionizing motor lubricant. Its "carry-over" film has solved the greatest lubrication problem of the day. It assures longer life and smoother operation in any motor where it is used.

And never forget that to produce Conoco Germ Processed Oils the exclusive germ essence principle is applied to only carefully selected paraffin base crudes, resulting in a lubricant with greater film strength, greater adhesiveness, greater tenacity, greater stamina and lower friction than any other oil on the American market.

Draw up to the Conoco Red Triangle and give your motor a perpetual oil bath. Ask for Conoco Germ Processed Motor Oil.

The young people of the community enjoyed a party Thanksgiving night at the home of Mr. and Mrs. J. W. Wesley.

Guests in the H. E. Wesley home for Thanksgiving dinner were Chas. Sutton and family, Mrs. Bill Wesley, Billie Washburn, H. H. Sutton and Albert Wesley.

Ulric Legate and Douglas Mitchell left Wednesday for their home in Detroit, Texas.

Mr. and Mrs. Bill James, Iva Lee James and Mrs. Albert Legate went to Amarillo Sunday to see Mrs. H. James who has been very ill for several days. They found Mrs. James improved but she will have to stay in the sanitarium a while longer.

Mr. and Mrs. A. E. Wesley, Opal Martha, and Erma Mae Sutton visited in the home of Mrs. Belle Washburn Sunday.

Elvin Wesley spent the week end with his parents.

Mr. and Mrs. W. M. Kinsey returned from Childress Monday. Mrs. Kinsey has been in Childress since her arm was broken several weeks ago.

Chas. Sutton and family were callers in Happy Friday.

Mr. and Mrs. H. H. Sutton visited Saturday night and Sunday with Mrs. Serena Bryan.

Mr. and Mrs. W. A. Williams were dinner guests Sunday in the J. W. Wesley home.

Mr. and Mrs. G. E. Wesley, Inez, Lee, and Othell Wesley, C. E. Castleberry, and Paul and Herbert Williams were guests in the H. E. Wesley home Sunday.

The guests in the H. E. Evans home on Thanksgiving day were Mr. and Mrs. James Roberts and sons from Mexico, Mr. and Mrs. G. E. Wesley, Mr. and Mrs. J. W. Wesley, Mr. and Mrs. C. L. Wesley, Inez, Othell and Elvin Wesley, and Mrs. George Schaffer and children. Argel Brawner visited Saturday in the J. W. Wesley home.

Jowell Items

There will be all day services at our church Sunday. In the morning there will be Sunday School and preaching. The B. S. U. from Canyon will give us a program in the afternoon. There will be a basket dinner at noon. Every one is invited to attend and bring well filled baskets.

Mr. and Mrs. Milton Dooley and family were in Amarillo Saturday. Mrs. Frank Davis visited her parents in Matador last week.

Reece Garvin returned from Denver, Colorado last week.

There was a good crowd at the program and box supper Wednesday night. The proceeds from the boxes will be spent for playground equipment.

Mr. and Mrs. Milton Dooley and family were the dinner guests of Mr. and Mrs. Frank Culp Thursday.

P. P. Doss, who has been here on business, returned to his home last week.

Mr. and Mrs. Frank Davis and Mr. and Mrs. John Stutts visited in the Arney community Sunday.

A number of people of this community enjoyed a "42" party given at the Chester Hayes home Thursday evening.

Lakeside News

The pie supper given at the Lakeside school Wednesday night was attended by a large crowd. Music was furnished by Mr. Rusk and friends of Canyon.

Miss Mary Alice Griffith spent the week end with her parents of this place.

Mr. and Mrs. Lonnie Byars and brother, Robin, of Lockney and Earl Byars of Pollett, were guests of Mr. and Mrs. Albert Byars Sunday night.

Alberta and Imogene Hammond and Bonnie B. Dickinson spent Friday at Lakeside school with friends.

Mrs. John Dickinson is visiting her mother in Oklahoma this week.

Mr. and Mrs. Albert Byars and family spent Sunday with Mrs. Meador of Amarillo.

Mr. and Mrs. L. T. Campbell spent Sunday with Mr. and Mrs. Jameson of Canyon.

Miss Florence Dickinson of Tulsa spent the holidays with home folks. Mrs. Hammond and daughters of Amarillo and Miss Rose Dell spent the week end with Mr. Hammond.

Miss O'Donnell and Florence Dickinson visited school Friday afternoon.

Fern Byars visited school Monday of this week.

Mary Dale Anderson spent Saturday in Amarillo.

Mr. and Mrs. Ford and family shopped in Amarillo Saturday.

We are very sorry to hear of Marshall Rockwell's sudden illness. After undergoing an operation for appendicitis Friday evening, he was reported as doing nicely Saturday.

Wayside Items

"Variety is the spice of Life," some one said, long ago. The weatherman has certainly treated us to various kinds lately. Today (Tuesday) is sunny and open, tho cold. A number of bad cloudy, windy days recently, but little or no participation. Some of the farmers would like to see a heavy

show. Luther and Virgil Adams with two friends from Inola, Okla., visited their uncle, D. L. Adams the past week. They left home in July, have been in a number of surrounding states, enjoyed a big turkey dinner with them Thanksgiving Day.

M. L. McGehee and wife attended the funeral of little Greta Marie O'Bryant last Tuesday. The sympathy of all who knew her goes out to the grief-stricken parents and sorrowing loved ones.

Mr. and Mrs. Scott Lacock and Miss Cope, Wayside teachers, accompanied by Bruce Howard and W. D. McGehee left Wayside early Wednesday morning to attend the teachers meeting at Dallas. They spent the night in Grapevine, going on to Dallas Thursday. They report a good time all the way.

Mr. and Mrs. R. E. Carter came in from Oklahoma Saturday. A little improvement in Mr. Carter's condition.

Mrs. C. F. Watson is feeling much better from the Radionic treatment she received in Amarillo recently. She expects to return in the near future.

Mrs. W. T. Helms is spending a few days with her son, Charlie Helms, near Red Hill.

B. McCoy and family moved to

the old D. H. Hamblen home last Tuesday.

Election of officers for S. S. for the new year resulted in electing Paul Spann, superintendent; J. E. McGehee, asst. supt. and song leader; Miss Marcella Spann, secretary and treasurer. We earnestly desire the co-operation of every one in this important work.

The Volunteer Band of Wayland College is expected next Saturday afternoon at Wayside. A good program Saturday night and Sunday morning and afternoon. Dinner on the ground Sunday. All come out and give them a good crowd. Bro. Chambliss and wife will be with them.

Misses Aline McGehee and Nina Cunningham from Canyon College enjoyed the past week end with home folks.

W. J. Sluder has been indisposed for some days, able to be up.

A home coming and most delightful day was spent Monday by Ladies Home Demonstration Club at the hospitable home of Mrs. D. L. Adams; a number of ex-members joined us, Mrs. Grace McCrerey of Canyon, Mrs. E. J. Culwell from Tulsa, visitors from Happy. Also our agent from Claude, Miss Phillips. A fine addition to our crowd. Nearly forty ladies present, also the 4-H Club

girls. A most delicious turkey dinner, with trimmings, was served by our genial hostess. A regular Christmas dinner was enjoyed by the large crowd. A short business session by the club, three new members added. Mesdames Nell Rogers and Docia Baker from Happy and Mrs. Serena Bryan, Fairview. Much interest was manifested in the "Unknown Club friends." A new drawing for the same resulted in quite a number taking part with us. Next meeting will be in the New Year.

Umbarger Items

The pupils of the Umbarger school are preparing a program to be given some time before Christmas.

Mr. and Mrs. E. J. Friemel and family spent Thanksgiving with Mr. and Mrs. F. Friemel.

Mr. and Mrs. O. J. Podzemny and family visited Mr. and Mrs. John Bedenk Sunday night.

The cornerstone of the new St. Mary's Church was laid Saturday. Mr. and Mrs. E. J. Evers were in Amarillo Saturday.

Mrs. O. J. Podzemny was in Canyon Monday.

Mr. and Mrs. John Bedenk were in Amarillo Saturday.

C. O. Armstrong and Mr. and

Mrs. Steffek of Amarillo visited the E. J. Evers home Sunday.

Miss Annie Stocker from Amarillo was visiting her parents Sunday.

Mrs. F. C. Gruner, Forrest and Frank Gruner, Mrs. Bertha Gowdy and children, Mr. and Mrs. F. J. McMahan and Mrs. H. B. Hales and children spent Thursday at the C. C. Stewart home.

The school children enjoyed the two days that was given Thanksgiving.

Miss Elizabeth Hales spent the week end with Miss Eline Hales of Amarillo.

C. C. Stewart and son Ray, Mr. Hurst and County Agent Upchurch left Friday for Enid, Okla., where Mr. Stewart bought three Jersey cows.

Church will be held next Sunday evening at three o'clock at the school house. Let's all be there.

We'll Be Glad To Co-operate

We wish to congratulate the chamber of Commerce upon its announcement of a Christmas Decoration Contest. Their program is in line with similar efforts in most of the progressive cities of the country and it will do a very great deal to create a true Christmas Spirit among our own people and those who visit Canyon during the Holiday Season.

We want to offer our co-operation to the Chamber of Commerce and to householders and business men who join in this most worthy community undertaking.

Light is, of course, most effective in connection with the best decorative effects and we assure that we will be pleased to help you plan and figure your lighting effects and fixtures. We have provided for the holidays many attractive electric Christmas novelties which are approved by Santa Claus and the Underwriters.

Suggestions For Lighting

We suggest the following to aid you in your plans:

For outdoor lighting or where a long festoon is required, we suggest Mazda Sets with rubber covered wire and sockets spaced eighteen inches apart. These sets are wired in multiple and are complete with 100 volt Maxda lamps and attachment plug.

Prices of these sets are \$2.95 up.

We also have Automobile Wreathes wired with 6-volt candle lamps.

For indoor lighting, we have eight light Christmas tree sets, large candle wreathes and Window Candle sets.

Reduction in Long Distance Telephone Calls is Announced

The fourth reduction in long distance telephone rates in a little more than three years will be made January 1, according to word received here today by G. N. Hailey, District Manager, of the Southwestern Bell Telephone Company. The cut will mean a saving of approximately five million dollars to telephone users in the United States.

It will apply principally to day "station to station" rates to points 60 to 300 miles distant. "Station to station" rates are those which apply to calls placed to a distant number rather than to a particular person. In most instances these will be reduced ten cents, although in a few cases the decrease will amount to five cents.

Rates on "Person to person" calls (calls for a specific person) and evening and night "station to station" calls will remain largely as they are at present, although some minor reductions will be made.

Report charges, made on "person to person" calls when the called telephone is reached but the person wanted is not reached, will also be reduced in amounts ranging from five to forty cents on calls to points from 140 to 2,200 miles distant.

"The present reduction brings the total annual saving to telephone users through these various rates decreases by the Bell System to nearly fifteen million dollars," Mr. Hailey said. "The first of the four big reductions which have accomplished this saving was made October 1, 1926. Rates were reduced three million dollars yearly then."

"A further reduction of a million and a half dollars went into effect December 1, 1927. Then, on February 1, 1929, a five million dollar cut was made."

"These reductions, as well as the present one, have been made voluntarily by the Telephone Company. They are the result of increased long distance usage which has permitted the development of a steady growing system of fast, storm-proof long distance cable, increased overhead facilities and faster methods of handling calls. As an example, we are now building in the southwest a fifty million dollar system of underground cables which will link all principal cities."

"Texas telephone users will be saved a total of approximately \$332,000 by the decrease," Mr. Hailey says in a statement.

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11 a. m. and Wednesday at 7:30, when testimonies and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday, "God, the Only Cause and Creator."

"Do you mind if I eat while you smoke?" asked the elderly woman in a restaurant.

"Not if you do it quietly enough so I can hear the orchestra," responded her flapper companion.

Jim: What's so different about that?

As an optimist we don't believe that stocks and skirts will stay down.—New York Evening Journal.

Christmas Seals Sale Starts Fund Fight Tuberculosis

Sale of Christmas seals to raise funds for the prevention of tuberculosis sponsored in Texas by the Texas Public Health Association has received the endorsement of the Federal Council of the Churches of Christ in America, it was announced at headquarters of the Texas Public Health Association in Austin.

Distribution of 32,000,000 Christmas seals began Thanksgiving Day in cities and towns of the state and will continue until Christmas.

"The Federal Council of the Churches of Christ in America is deeply interested in the work of the National Tuberculosis Association and in the largest possible sale of its Christmas seals," the endorsement of the Federal Council of the Churches of Christ in America reads.

"The fight against tuberculosis is a national fight for the life of our people."

The Texas Public Health Association, which operates through a number of local units and volunteer workers, is affiliated with the National Tuberculosis Association in its work and is directing the work of tuberculosis prevention in Texas.

Transfer of Real Estate in County

The following real estate transfers were made in Randall county, as reported to the News by the Randall County Abstract Company.

Christmas Seals Sale Starts Fund Fight Tuberculosis

Sale of Christmas seals to raise funds for the prevention of tuberculosis sponsored in Texas by the Texas Public Health Association has received the endorsement of the Federal Council of the Churches of Christ in America, it was announced at headquarters of the Texas Public Health Association in Austin.

Distribution of 32,000,000 Christmas seals began Thanksgiving Day in cities and towns of the state and will continue until Christmas.

"The Federal Council of the Churches of Christ in America is deeply interested in the work of the National Tuberculosis Association and in the largest possible sale of its Christmas seals," the endorsement of the Federal Council of the Churches of Christ in America reads.

"The fight against tuberculosis is a national fight for the life of our people."

The Texas Public Health Association, which operates through a number of local units and volunteer workers, is affiliated with the National Tuberculosis Association in its work and is directing the work of tuberculosis prevention in Texas.

Transfer of Real Estate in County

The following real estate transfers were made in Randall county, as reported to the News by the Randall County Abstract Company.

J. Forrest Thurmond to C. L. Buchanan, E $\frac{1}{2}$ of S $\frac{1}{2}$ section 24, block B-5. Consideration \$5500.

J. Forrest Thurmond to W. A. Buchanan, W $\frac{1}{2}$ of S $\frac{1}{2}$ section 24, block B-5. Consideration \$5500.

Newt Reeves to G. W. Webb, E $\frac{1}{2}$ section 29, block 1. Consideration \$12,800.

Carl W. Donovan to W. S. McNebb, NE $\frac{1}{4}$ section 13, block 8. Consideration \$1600.

Daniel L. Keiser to P. H. Baber, W $\frac{1}{2}$ section 28, block B-5. Consideration \$16,000.

Three Washington Times reporters are sent to jail for refusing to tell where they bought their liquor. This is all wrong. Such rare birds should have been put in the Smithsonian.—The New Yorker.

Melissa: "I'll never go fishing with Fred again."

Belinda: Did he try to make love to you?

Melissa: That's just it. He didn't do anything but fish.

Father: Was Jack intoxicated when he came home last night?

Daughter: I didn't notice, but he asked for a mirror so he could see who he was.

Of money put into stocks the old saying may be true that "what goes up must come down," but it doesn't always come down in the same place.—Springfield Republican.

Plainview District Epworth League Will Meet Here Saturday

Preparations are being made to entertain between 125 and 150 delegates to the Epworth League Rally of the Plainview District of the Northwest Conference of the Methodist church, to be held in Canyon Saturday and Sunday. The delegates will be here from all parts of the Plains and will begin registration Saturday afternoon.

A business meeting is scheduled for 4 o'clock Saturday afternoon at the Methodist church. The ladies of the Missionary Society of the local church will serve dinner to the visitors in the basement of the church at 6 o'clock.

From 7 to 7:30 Saturday evening a Vesper service will be held in the auditorium of the church. This will be followed by a recreation hour in the basement of the church. Stunts and playlets by the various leagues and unions over the District will be participated in at that time.

Services Sunday will begin with a Watch Service at 8 a. m., conducted by Rev. W. M. Pearce, presiding elder of the Amarillo District. A special sermon for the leaguers will be preached at the 11 o'clock hour Sunday morning. Further announcements for special group and business meetings are to be made at that time.

The last rally of the Plainview district was held at Petersburg several weeks ago, at which time the leaguers of the district were entertained royally. Canyon people are urged to show the visiting delegates every courtesy possible and to aid in making the rally a success.

For a number of years the Plainview district held the loving cup for league work. However, for some time past other districts in the conference have held it in their possession. This district is gradually moving toward the top

again and hope to hold claim to the cup by the time the Conference League meeting is held in Canyon next June.

KNOW TEXAS

Between 1866 and 1928, inclusive, Texas produced 154,255,204 bales of cotton, valued at \$11,244,000,000.

In Texas in 1928 life insurance companies paid out \$53,100,000 in death benefits, matured endowments, dividends and cash surrenders values, ranking eleventh among the States.

In wages alone (exclusive of salaries) the printing industry in Texas (including newspaper and job printing plants) in 1927 expended \$9,282,298.

In 1927 there were 116,763 industrial wage earners in Texas who drew in wages \$116,535,580.

Five hundred and seventy-two Texas towns have newspapers. Texas has 121 daily, one tri-weekly, 29 has 121 daily, one tri-weekly, 29 semi-weekly and 617 weekly newspapers with a total of 944 publications of all kinds. Two hundred and twenty of the 254 county seats in Texas have newspapers.

During 1928 the United States built 29,252 miles of improved highways. Texas led with 2,356 miles.

Limestone County leads Texas in the number of farms, the Census Bureau showing 6,755 in 1925. Texas leads the states with 466,895 farms.

Texas is producing 256,000,000 barrels of oil annually valued at \$270,000,000. Oil manufactures bring the total value to nearly \$700,000,000 a year.

In 1900 Texas led the Southern states in public school expenditures total \$4,465,000. In 1910 it led the South, total \$11,777,000. In 1926 (estimated) it still led the south, total \$65,128,019.

Two thousand, one hundred and ninety-four rural mail routes serve 1,209,000 patrons in Texas at a cost of \$15.25 a year per family. In the United States are 44,288 such routes.

Letters to Santa

Canyon, Texas, Dec 2, 1929.

Dear Santa Claus:

I have been a very good boy this year. I want you to bring me a tri-cycle and a kiddy car. I want lots of candy and nuts. I'll try to be a better boy next year so I can ask for more.
Yours truly,
BILL DOWDY.

Canyon, Texas.

Dear Santa Claus:

I have been a good boy and want you to bring me a bicycle, B. B. Gun, some apples, candy, oranges, nuts and a tractor that winds up. Will close with love to you, Old Santa. I am a little boy 7 years old.
EARL COVINGTON.

Dear Santa:

I have been good. I want a bank, some story books, a blackboard, tinker toys and a E. W. WOODS, Jr., Lubbock, Texas.

P. S. If you answer this Dick will write you.

STORK SPECIAL

Mr. and Mrs. L. E. Long who formerly lived here have announced the arrival of a daughter who has been named Dorothy Jean. They are now living in Amarillo.

"CALL MONEY"

When the news goes out from Wall Street that "call money" is quoted at 10 per cent, many people wonder what has happened to the usury laws. Six percent is the highest interest that can legally be charged in most states, 8 percent in a few, still higher in one or two. But 6 percent is New York's legal rate—except in the case of "call money."

Loans in units of \$5,000 or more payable on demand, and secured by the deposit of securities listed on the Stock Exchange, may be made in New York legally at any rate of interest the borrower is willing to pay. In practice, call loans of this kind are made only to brokers and only in units of \$100,000. They are necessary because Stock Exchange transactions are all on a spot cash basis and the broker who buys shares for a customer who has not put up the full purchase price in cash, must borrow the rest of the money in order to pay for the shares. Of course, the customer who buys "on margin" pays the interest.

Every great speculative movement of stocks sends up the price of call money. In the Northern Pacific corner of 1901 the price of call money went up to 100 per cent! The law of supply and demand operators in the call money market as in all other markets. When the rate is high money flows into the market from every source of capital in the world. Every bank in the United States sends all it can spare of its reserves to Wall Street. Private capitalists send in their hundreds of thousands, great corporations suspend programs to get the high rates offered for call money. One great paper and power company had more than \$25,000,000 in cash working in the call money market for two years up

to the recent collapse of the speculative boom.

The end of speculation sends call money back to its sources. Literally billions of dollars of capital have thus been released for productive use, since October. The same capital that was earning an average of about 8 percent while stocks were booming is now looking for investment at 5 percent or even lower. This is not New York's money; it is the money of the entire nation. Every part of the United States has now more free capital available for building, for industrial expansion, for local loans on sound local business enterprises than it has had for two or three years.

KNOW TEXAS

Sixty thousand square miles of lignite underlie Texas.

During the first seven months of 1929 Texas started work on 8,917 building projects at a total cost of \$253,060,800.

Four of the 58 active gypsum operators in the United States have plants in Texas, which now stands fourth in gypsum production. Total value of gypsum produced and sold in Texas in 1928 was \$3,094,145.

There isn't enough money in the world to hire some people to ride in an airplane, yet they will cross the street on a busy day in the middle of the block without looking either way.

Peanuts and potatoes have been grown on a single vine in one Oklahoma county. Maybe the idea is to conserve space so as to make room for more oil wells.

When a married man does get the last word it generally is "Well, I did the best I could under the circumstances."

There are too many laws that call attention to things which people really never thought of doing.

All the Gas You Want= When You Want It

The West Texas Gas company pledges itself to give you good gas service 365 days in the year—every minute of the warmest day of Summer or the coldest day of Winter.

The amount of natural gas necessary to take care of the heating needs of your home or place of business may increase, as the result of unusually cold weather, as much as fifteen or twenty times. And although they may be needed for only a few days—or even for only a few hours each year—the facilities for meeting a maximum demand must be present all the time.

Day and night, winter and summer, the members of this organization are hard at work at the task of giving you all the gas you want—when you want it!

That's good gas service.

"THE COCKEYED WORLD"
DON'T MISS IT!
It's a Scream!

to the recent collapse of the speculative boom.

The end of speculation sends call money back to its sources. Literally billions of dollars of capital have thus been released for productive use, since October. The same capital that was earning an average of about 8 percent while stocks were booming is now looking for investment at 5 percent or even lower. This is not New York's money; it is the money of the entire nation. Every part of the United States has now more free capital available for building, for industrial expansion, for local loans on sound local business enterprises, than it has had for two or three years.

KNOW TEXAS

Sixty thousand square miles of lignite underlie Texas.

During the first seven months of 1929 Texas started work on 8,917 building projects at a total cost of \$253,060,800.

Four of the 58 active gypsum operators in the United States have plants in Texas, which now stands fourth in gypsum production. Total value of gypsum produced and sold in Texas in 1928 was \$3,094,145.

There isn't enough money in the world to hire some people to ride in an airplane, yet they will cross the street on a busy day in the middle of the block without looking either way.

Peanuts and potatoes have been grown on a single vine in one Oklahoma county. Maybe the idea is to conserve space so as to make room for more oil wells.

When a married man does get the last word it generally is "Well, I did the best I could under the circumstances."

There are too many laws that call attention to things which people really never thought of doing.

FOR SALE: Have several nice fat hogs weighing from 175 to 250, at 12½¢ per pound, dressed. Ross Byars, 3½ miles southeast of city. Phone 9015F13. p1

Warwick Printing Co.

"The Merry Christmas Store"

All the Gas You Want= When You Want It

The West Texas Gas company pledges itself to give you good gas service 365 days in the year—every minute of the warmest day of Summer or the coldest day of Winter.

The amount of natural gas necessary to take care of the heating needs of your home or place of business may increase, as the result of unusually cold weather, as much as fifteen or twenty times. And although they may be needed for only a few days—or even for only a few hours each year—the facilities for meeting a maximum demand must be present all the time.

Day and night, winter and summer, the members of this organization are hard at work at the task of giving you all the gas you want—when you want it!

That's good gas service.
